## Thermometer Reaches A 12-Degree Reading In Hamlin For Winter's Worst

Worst seige of winter that blew into Hamlin early Sunday morning was climaxed with a thermometer reading of 12 degrees Wednesday morning.

Because school busses to Hamlin difficulty first of the week in making scheduled runs, classes counted only about 50 per cent of regular enrollment Monday and Tuesday. On Wednesday classes were attended by about 75 per cent of enrollment, School Superintendent I. R. Hutchingson told a Herald reporter.

Hamlin Schools dismissed classes at 10:30 o'clock a. m. Wednesday morning when gas was ordered cut from big users to keep pressure for homes.

Buses in Hamlin stopped running Abilene early in the week and highways and streets were virtually closed boards' putting traffic at a standstill. Radiators steaming and ice sliding down on the streets sidewalks cut the Hamlin business short for the first of the week.

High and low temperature reading for Hamlin as received by a Herald reporter from the weather reporter at the local Santa Fe station were:

Day—	Low	High
Sunday	22	24
Monday	24	26
Tuesday	16	18
Wednesday	12	20

High for Wednesday was obtained late Wednesday evening and may not be the exact high.

## Eight Divorces Granted in 104th Court Last Week

Eight divorce cases and a damage case were disposed of last week by the 104th District Court of Jones County. A civil case was set for Wednesday of this week.

Divorces granted were in the following cases:

Annes Volderia Wills vs. Floyd Wills; Catherine Acosta vs. Gersusa Garza Acosta; Gertrude Shelly vs. Ernest Lee Shelly; M. Elaine Kite vs. Delbert L. Kite; William George Erickson vs. Helen McDonald Erickson; Mildred Pollock vs. Vernon L. Pollock; A. T. Dunn vs. Inez Dunn and Flo Stone.

Damage suit was the case of Hubert H. Tidmore vs. Texas Employment Insurance Company and was settled with plaintiff receiving \$2,375.00.

Civil case set for trial Wednesday was the suit Roy C. Ghalstone vs. Traders General Insurance Company. A petit jury was to be called for service for this case.

Mrs. R. P. Gable is visiting her son in Rotan for several weeks.

## Men From 92 West Texas Counties Meet In Big Spring Tuesday to Solve Serious Water Problem

In answer to Hamlin and other West Texas towns and counties water problems in the summer, a conference was called by Governor Beauford Jester Tuesday in Big Spring.

Counties in the area consist of Jones, Fisher, Stonewall, Knox, Haskell, Scurry, Kent, King Garza and Dickens.

Because of stacks of letters that poured into the State Board of Water Engineers, mostly West Texans, what have just emerged from one of their driest years in history.

Fundamentally the problems all center around two main issues, according to Col Spence, board chairman. They are:

- 1.—How to utilize fully without waste the "outtake" from both surface and underground water sources.
- 2.—How to balance that "outtake" with the "inflow."

Stemming from those issues are related problems such as how to supplement inflow, how to conserve soil in its relation to achieve the most efficient water storage.

Nine men were assigned before the meeting the job of collecting that information and presenting it at the meeting. Each has been assigned a group of neighboring counties whose problems are similar.

Included among information asked for each county are on population trends, daily water consumption trends, average annual precipitation, present source of supply and capacity and estimates of water demands as far in the future as 1980.

Each of the nine assistants had been instructed to prepare a 10-

minute brief for presentation at the conference.

With a huge map Spence stated that he hoped to illustrate forcefully that the water shortage has been a far greater contributing factor than the weather.

Map showed a population upswing for the 92 West Texas Counties as from 150,000 in 1900 to 1,000,000 in 1946, representing nearly a 10-fold increase in water demand on the basis of population alone.

From information on supplies and needs gathered at the conference, Spence expects that his work has just begun. First he thinks, the conference will disclose necessity for a great deal more study of underground water and for more gauging of smaller streams.

Gauging which takes from 15 to 20 years to supply data on which to base engineering recommendations, may lead to the placing of more dams on streams and stream tributaries to provide ultimately for a larger water supply, Spence says.

Too, there is a possibility of piping water to the arid regions just as gas and oil is piped about the country, he said.

Also another resule Spence expects from the confab is that of exploring their own resources and needs, both for now and in the future and also to develop a more objective and cooperative view point for the solution of water before the well runs dry.

A. C. Bishop of Stamford, manager of the City Development Board is representative for Hamlin and the rest of Jones County towns. Other counties included in his group included Fisher, Scurry, Borden, Haskell, Kent, Garza, Stonewall and Shackelford.

## Haskell County 4-H And FFA Colt Show Set For February 16

Hamlin area 4-H Club boys and FFA boys will be interested to know that the Haskell County 4-H and FFA Colt show will be held February 16, it has been announced.

The show this year is expected to surpass any ever held in the previous years because already 54 calves and 42 hogs have been entered.

Events will be held at the Central West Texas Fair grounds at Haskell.

## 1948 License Plates Go On Sale Feb. 1 By Tax Collector

Jones County's new license plates for automobiles, trucks and other such vehicles will go on sale in the Tax Assessor-Collector office February 1 according to Elzy Bennett.

Allotment for the county includes 6,190 passenger car plates in two series. The first series numbers are from BK-8000 to BK-9999 and the second series is from BL-10 to BL-4199. Color scheme this year is orange numerals on black background.

Other plates in the shipment delivered by a State Prison truck included: 1,190 commercial truck numbers from MH-10 to MH-1199; 750 farm truck plates from RE-1450 to RE-2199; 60 truck-tractor plates from VA-4230 to VA-5390; 400 trailer plates from TC-880 to TC-1279; 35 motorcycle plates from YJ-5430 to YJ-5446.

## Jones County Receives Raisins For School Lunchrooms

In a report from Abilene last week by Taylor County superintendent, Tom McGehee announced that a carload of government surplus dried raisins had arrived for distribution according to the amount of pupils eating in the lunchrooms in surrounding counties.

A total of 1,200 cases were received with 115 per cent going to Jones County for distribution said the Taylor County superintendent who is acting as agent for all the counties. Other counties included six per cent to Stonewall and four per cent to Shackelford and 21 per cent to Haskell. Throckmorton Young and Callahan were also included in the list of recipients.

Dr. W. C. House, pastor of the Methodist Church, and his sister, Mrs. Martha Mills, returned Friday from a visit to their brother in San Antonio.

HAMLIN'S TOP CITIZEN OF 1947—as named by the Chamber of Commerce. J. C. Turner Jr., local attorney is also president of Hamlin's Jaycees and other important town doings.

## J. C. Turner, Jr. Named By CC As Top Citizen of '47

J. C. Turner Jr., attorney, was selected last week by the Hamlin Chamber of Commerce as the town's outstanding business man for 1947.

He is president of the local Junior Chamber of Commerce and active in work of the senior chamber and also in activities at the Hamlin First Baptist Church. He also has previously served as Rotary Club president.

Members of the senior chamber are now balloting on new board members to replace the four retiring directors, Mrs. E. M. Wilson, secretary of the local senior chamber. The four retiring directors are: John D. Ferguson, Frank G. Waggoner, J. B. Terrell and B. M. Brundage.

Nominees selected by a committee appointed by the Chamber of Commerce president Fred C. Smith are: Eddie Jay, Everett Townley, A. G. Irwin, Edgar Duncan, I. P. Witt, Tom Teague, J. C. Turner Jr., Bowen Pope, George Malouf, Cliff R. Reynolds Sr. and Rev. J. T. Crawford and Herbert Bernshausen.

Holdover members of the board are: Clyde R. Angel, Claude Lancaster, Fred C. Smith, F. B. Moore, Jim Howard King, J. Starr Inzer, Pat Marlow and Art C. Michael. Haskell W. Carter is the local West Texas Chamber of Commerce director.

Ballots are to be returned to the local chamber of commerce office Monday, Mrs. E. M. Wilson, secretary to the chamber of commerce disclosed.

Mr. and Mrs. E. M. (Jack) Hames and Jack's mother, Mrs. Susie Hames, returned from Alabama where they went to attend the funeral of Jack's grandfather, Mr. E. Hames.

## Johnny Ammons Is New Roby REA Superintendent

Johnnie Ammons, Fisher County coordinator of the veterans vocational school was named by the board of directors of the Midwest Electric Cooperative Incorporated, REA as superintendent of the district headquarters office at Roby.

Ammons succeeds Lon R. Adams, who resigned recently and served as superintendent since June of 1942.

Ammons assumed his duties last Thursday, and is well known around the counties adjacent.

Counties served by the Midwest Cooperative include: Jones, Fisher, Stonewall, Nolan, Mitchell, Scurry and Borden and two additions soon will be Kent and Garza Counties.

Adams estimated that a total of 1,800 miles of lines to serve 4,000 consumers in the Midwest area would become a reality within the next five years.

Ammons is the fifth superintendent to serve the Midwest Cooperative since its organization in 1939.

Mr. and Mrs. Richard Calloway of Fort Worth spent the weekend visiting Mrs. Calloway's brother, Joe Simpson, and family.

Jake and Joe Weir, students in Hardin-Simmons University, visited their parents, Dr. and Mrs. W. O. Weir, this week.

## Two Jones County Wildcats Due Initial Tests Early in Week

### Plans Launched For Jones County Livestock Show At Hamlin Feb. 21

Agricultural and livestock committee met last week to lay plans for the annual Jones County livestock show for 4-H and FFA boys. The event which alternates each year between Hamlin and Anson meets this year in Hamlin. The show is set for Saturday, February 21.

This show promises to be bigger and better than previous ones so committee members state. They are increasing the interest of the FFA and 4-H boys in their work is the hope of the directors of the show. The directors hope to show a continued improvement for every show each year. County Agent, H. C. Stanley and vocational agricultural teachers in the County are encouraging the boys to turn more and more to the breeding field of the livestock industry, rather than the program of fattening animals for show purposes only.

The show this year will include several classes of breeding animals, instead of all fat animals. Classes have been set up for hogs, beef cattle, dairy cattle and poultry.

The Herald will carry more news of interest on this matter when the news is available.

## Two New Wildcat Tests Located in County Last Week

Location for two new Jones County wildcat tests, one on the east side of the County and the other in the northwestern section was filed early this week.

Eight miles south of Hamlin, location for a wildcat to test to the Swastika was filed by Eastland Oil Company and F. Kirk Johnson as the No. 1 J. J. Steele, 990 feet from the north and 9,075 feet from the east line of Harrison County School Lands league 334. It is to drill with rotary to 3,100 feet, nearest production is in the Chittenden area.

About 23 miles south of Hamlin near Leuders, location for a 2,000 foot cable tool test north of the Alexander pool has been filed by Jones & Stasney, Groover & McMorde as the No. 3 J. M. Alexander 330 feet from the south and east lines of H. Martin survey.

## Red Cross Quota For Jones County Set At \$8,366

Jones County's goal for the Red Cross for the 1948 fund campaign has been set at \$8,366, which is a little more than last year.

Bill Morrow, Stamford, county fund campaign chairman, will announce in The Herald the chairmen in the various towns and communities of the counties in a short time.

Campaign will get under way on Tuesday, March 2 with a "kick-off" barbecue for all workers in the county the night before.

Plans for the campaign were discussed at the executive meeting held at the Stamford Chamber of Commerce office last Monday afternoon with Hubert Watson, chapter chairman, in charge.

Other phases of the Red Cross work were discussed. Disaster plans for the county was brought up to date and a complete new setup will be worked out.

Production department of the Red Cross has been inactive for the past two years, but that is being reorganized and will be resumed.

A list of the county officers was carried in last week's issue of The Herald.

## Postal Receipts Show Increase

Total receipts for the Hamlin Post Office in 1947 showed an increase over the previous year of \$604.54, according to Postmaster Perry Sparks. Receipts for the year were \$221,188.90, compared with \$21,584.36 for 1946. An all-time high in postal receipts of the local office was in 1945 with \$25,315.76.

Postal savings jumped to an all-time high here in 1947 with \$61,462.00. Postal savings for 1946 were \$39,926.00.

## Santa Fe Carloadings Down For Last Week

Santa Fe system carloadings for the week ending January 24, were 25,103 compared with 27,382 for the same week in 1947.

Cars received from connections totaled 10,929 compared with 10,439 for the same week in 1947.

Total cars moved were 36,032 compared with 37,821 for same week in 1947.

Santa Fe handled a total of 37,808 cars in the preceding week of this year.

Mr. and Mrs. Travis Dean of Lubbock were here during the week visiting Mr. Dean's parents, Mr. and Mrs. R. L. Dean.

## Hamlin FFA Enters Two Steers For \$71,500 Purse in Ft. Worth Stock Show

Hamlin's FFA has entered two steers in the boys' livestock division of the Southwestern Exposition and Fat Stock Show at Fort Worth on January 30 through February 8 in competition with exhibitors from 22 states word was received by The Herald this week.

Glenn Jameson, also of Hamlin, is another exhibitor viewing for a share of the \$71,500 premium offered to the winning cattle, sheep goats swine and horses at the show. His entries are three lambs in the boys' division and fat weather lamb.

These prize animals will be housed in new buildings constructed of steel and brick to provide maximum comfort and weather protection for

Two Jones County wildcats were due early this week on initial tests of the Ellenburger. Both are located in the northeastern section of the county.

Ungren & Frazer et al No. 5 Cox & Hamilton, was one of the wells and is trying for deeper production under the Griffin pool a half mile east of Avoca. It is located 467 feet from the east and 1,384 from the north line of section 21 block 4, H&TC survey.

This well was drilling in a hard chert below the Mississippian at 6,150 feet and was expected to reach the top of the Ellenburger at anytime. Some slight shows, but none of commercial promise were reported below the Palo Pinto. Permit prohibits completion in the Palo Pinto or above 3,270.

Top of the Ellenburger was expected to be reached not later than this Tuesday on the West Central Drilling Company, No. 1 C. N. Humphrey, deep wildcat 13 miles southeast of Hamlin, located 2,100 feet from the east and 330 from the south line of section 2 H&TC survey.

The well was drilling below 5,200 feet early this week with no shows reported to that depth.

Also plugged and abandoned at 3,305 feet with no shows reported is the Ungren & Frazer and Jones & Stasney et al No. 1 C. W. Jones, about 27 miles south and west of Hamlin, 2,500 feet from the south and 2,250 feet from the west line of section 35 block 2 SP survey.

Drilling had begun below surface casing Saturday on the new wildcat seven miles south of Hamlin, the Ralph R. Carroll No. 4 G. Herndon 440 feet from the south and 330 from the west line of subdivision 4 Goliad County School Lands survey 359. Permit is for 3,600 feet.

While in the Pitzer Strawn pool the Crown Central Petroleum Corporation, No. 1 Little P. Brown located for another extension try, the third within two weeks. Located about 25 miles south of Hamlin. This northeast outpost to the pool is now located 990 feet from the south and 937 from the east line of subdivision 32 Goodwin subdivisions of DeWitt County School Lands league 150. Permit is for 4,750 feet with rotary and drilling is to start today (Friday).

South outpost to the pool, drilling was continuing below 2,850 feet on the Roark, Hooker & Roark et al No. 2 Collins estate, 1,447 feet from the west and 330 from the south line of lot 33 league 150 DeWitt County School Lands survey.

Drilling below about 2,850 feet was the north extension try, the V. C. Perini Jr., et al No. 1 John R. Collins, 467 feet from the south and 542 from the east line of lot 24 league 150 DeWitt County School Lands.

An official gauge of 47.5 barrels of oil per day was filed for the latest completion in the Pitzer Strawn pool, the Roark, Hooker & Roark et al No. 1-A Collins estate, 514 feet from the west and 1,700 feet from the north line of subdivision 33 league 150 DeWitt County School Lands survey. The gauge was on flow through 11-64 choke from the Strawn sand at 4,640-4,648 feet.

## Is That Crippled Kid Worth Some Of Your Dimes and Dollars?

What is more pitiful than a child maimed by the dreaded malady of infantile paralysis? Even death in many instances is not so prone to get sympathy and sorrow as permanent disfigurement and pain. The sight of a child with polio somehow pulls at one's heart-strings as nothing else does.

And one of the beauties about the whole matter is that something can be done with such a situation in most instances. The National Foundation for Infantile Paralysis is doing that very thing. Hamlin an Jones County chapter will be happy to receive your contribution.

Do you want a West Texan's share in the relief for victims of polio?

Jones County citizens are this week being given the opportunity of contributing to this very worthy cause.

Community quotas have not yet been completed, but it is hoped that no single community will be satisfied with raising only its allotted amount.

If you have not been contacted send your check to Mrs. Raleigh Bond.

Several Jones County children have been treated for polio

by funds raised in March of Dimes drives. If your own child is struck by the malady, you are eligible for assistance in treatment. No expense will be spared.

Infantile paralysis is one of the most expensive diseases known to medical science. A respirator case may require 24-hour nursing care and cost as much as \$10,000 a year. Average cost of a polio case today is estimated at \$2,000. Expensive medical care is required for periods running from one to several months for the majority of patients—in some instances for years. In a respirator case medical care may be needed for many years.

About half of those stricken by infantile paralysis recover without crippling; 25 to 30 per cent suffer minor disabilities; 20 to 25 per cent show marked residual paralysis; while five to 10 per cent die. These percentages vary from year to year, depending on the virulence of the outbreaks.

See your community or sectional fund chairman and give him or her your donation. Do it now!

**BRYANT LUMBER CO.**

## Weakened Condition Shown Over Weakened Condition Shown Over

Many Southwest farm products found weaker markets last week according to a report received early this week from the Production and Marketing Administration of the United States Department of Agriculture.

Hogs fell sharply at midweek for net losses of mostly 50 cents to \$1 for the period. Top butcher hogs closed at \$26.50 at San Antonio and Fort Worth, \$27 at Oklahoma City, \$27.50 at Wichita and \$27.75 at Denver. Sows brought \$22 to \$24.

Ewes sold fully steady to strong but lambs dropped 50 cents to \$1 and more at most Southwest markets. Good and choice lambs closed around \$23.75 at San Antonio, \$23.25 to \$23.75 at Wichita and \$24.50 at Denver. Fort Worth bought medium to choice wooled fat lambs at \$21 to \$24. Oklahoma City closed at \$24 top. Contracting of spring clip wools increased at a million pounds of Texas combing wools were signed up at 50 cents a pound f. o. b. 13 per cent shrinkage.

Losses offset early gains in Southwest cattle markets to leave some classes higher some lower than a week ago. Steers and yearlings showed weakest tendencies. Common and medium steers and yearlings brought \$19.50 to \$22.50 at Houston, as medium grades sold at \$22.50 to \$26.50 at San Antonio. The medium and good steers cashed in from \$25.35 to \$29.75 at Denver and \$25 to \$29 at Wichita. Medium and good steers moved at \$20 to \$27 at Fort Worth and \$24 to \$28 at Oklahoma City.

Some Southwest markets quoted eggs a little lower for the week. Dallas and Fort Worth paid around 40 to 42 cents a dozen for most current receipts, Denver 37 to 38 cents and New Orleans 43 to 48 cents. Hens held firm, but fryers found rather slow demand at 42 to 41 cents a pound at New Orleans and around 37 to 38 elsewhere.

Spot cotton prices registered net declines of around \$3.50 per bale in less active buying. Low grade current shipments were not readily accepted by the trade.

Wheat marketings fell off sharply as prices slumped early in the week and closed fully 10 cents lower on Friday. Bulk carlots sold at \$3.11 1/2 per bushel at Texas common points. White corn all but regained early losses but yellow corn stayed at 12

cents lower and other grains netted declines of around five cents.

Most feeds made further gains. Hay weakened under increased offerings and slack demand. Shelled peanuts held firm despite slow trading. Some farmers' moved, mostly at support prices.

## County Farms Worth More Than \$21,351,000

Farm property in Jones County is now worth more than \$21,351,000 and rural homes along with the rest in the state are in the best of condition in history according to a report received by The Herald from a builder's council report.

More than 75 per cent of farm dwellings in Texas and the South are in excellent condition or need only such minor repairs as painting or general maintenance the report revealed. Only 61.1 per cent were in good repair in 1940. The report was based on Bureau of the Census surveys.

"The rise in farm incomes and property values since 1940 has been accompanied by great conveniences as electric lights, tiled baths and showers and running water," a council spokesman stated.

Electricity for instance has gone into hundreds of thousands of the rural dwellings since 1940. More than 59 per cent of all farm homes now have electric lights, in contrast to 31.1 per cent in 1940.

More than 32 per cent of rural dwellings in the United States today have running water, and 20.1 per cent have private baths against the 1940 report of 17.7 per cent had running water and only 10.6 per cent private baths the report concluded.

## Ira A. Milliorn Jr. Reenlists In Navy

Ira A. Milliorn Jr., SC2-c of the USN has reenlisted for four more years Hamlin people are informed.

He has served five years in the service and during the war served on the USS Pine Island in the Pacific. He is now in California in a Naval Trade School learning to become a butcher. Another brother, James Monroe Milliorn, who has been in the Navy for four years is now stationed in Washington; his wife, Sylvia and little son, James Jr., are making their home in Stamford.

James Paschall Milliorn, is with the Naval Civil Service and is stationed in Corpus Christi at the naval base there.

Still another brother, Bill Milliorn owns and operates Bill's Foods here in Hamlin and served 19 months and 22 days. 18 months were spent overseas.

All are sons of Mr. and Mrs. Ira A. Milliorn Sr. of Hamlin.

## Vetch Adds Nitrogen to Soil

Sandy soils are usually low in nitrogen content, and hairy vetch is an ideal winter cover crop that will add nitrogen to sandy areas and prevent winter erosion.

Dried fruits add flavor and sweetness to cereals as a breakfast food, a supper dish or a pudding.

## BOZO BUTTS—THEY DRIVE HIM NUTS

Rev. Roberts from Abilene will hold services in the Neinda Baptist Church Sunday a spokesman for the church stated. All are invited to be present.

## Nothing Like Preparedness.

"Joe, what made the car splutter and stop out on this lonely road?" "Outa gas, I guess." "Oh, yeah? Try this flask." "What's in it, Mary darling?" "A fifth of gasoline."

## One for Fathers.

"What was George Washington best known for?" Boy—"His memory."

"What makes you think his memory was so great?"

Boy—"Well, they erected a monument to it, didn't they?"

Don Eddie Adair, son of Mr. and Mrs. Bill Adair, is doing very nicely after being ill in a hospital at Rotan with racheo bronchitis.

Mr. and Mrs. S. J. King, Mrs. Elmer Hall and Mrs. Jessie Purdue attended the funeral of their sister, Mrs. W. W. Johnson in Haskell this week.

Friend—"Let me congratulate you, old man, I'm sure you will always look on this day as the happiest day of your life."

Bridegroom—"Er, but it's tomorrow I'm being married."

Friend—"Yes, I know that."

## Home Products Are Music.

Woman—"What a noise those neighbors make. Listen to the children howling!"

Maid—"But, madam, that noise comes from your own nursery."

Woman—"Really? The little darlings must be enjoying themselves."

Sincerity is the indispensable ground of all conscientiousness, and by consequence of all heart-felt religion.—Kant.

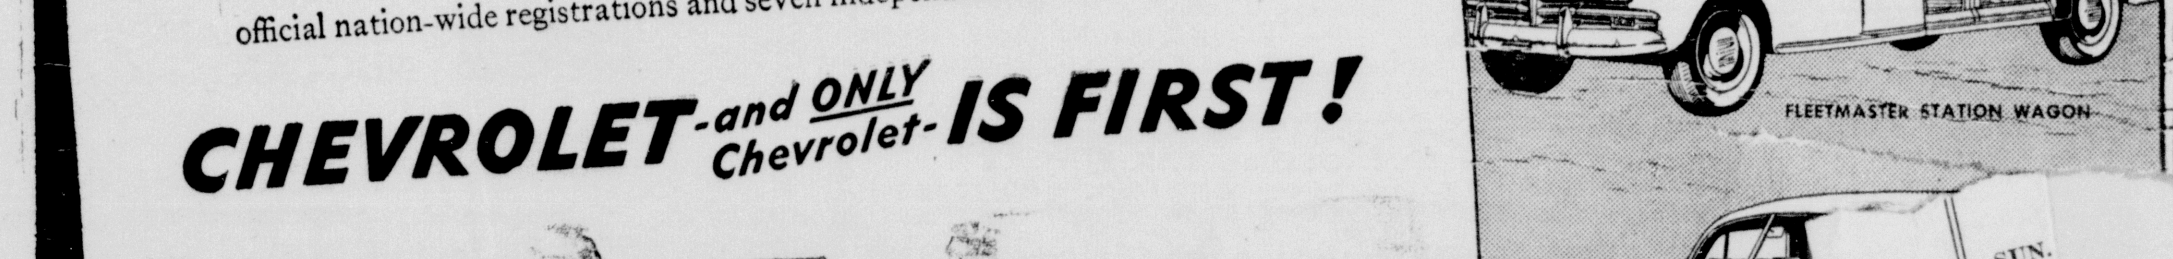

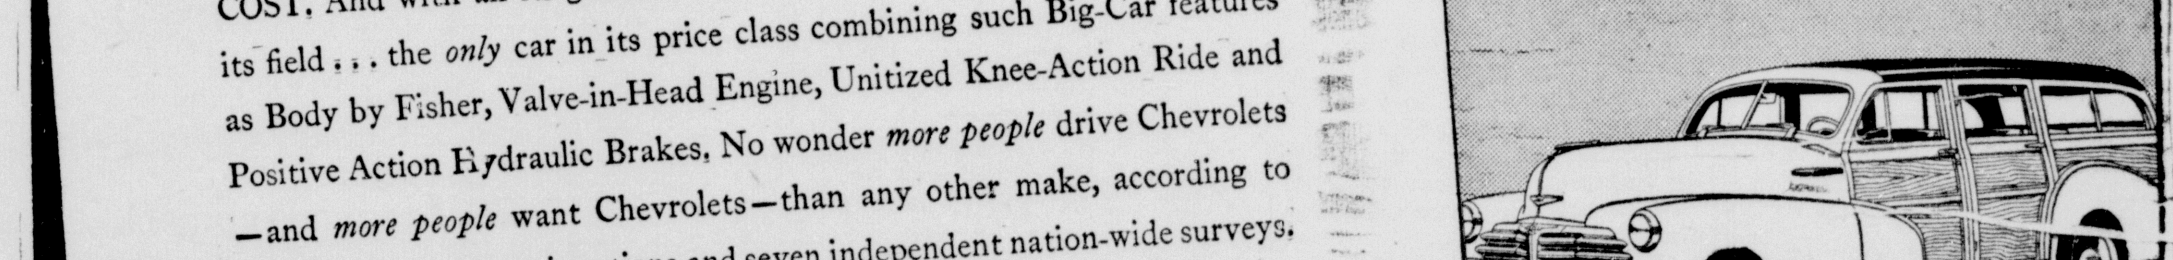

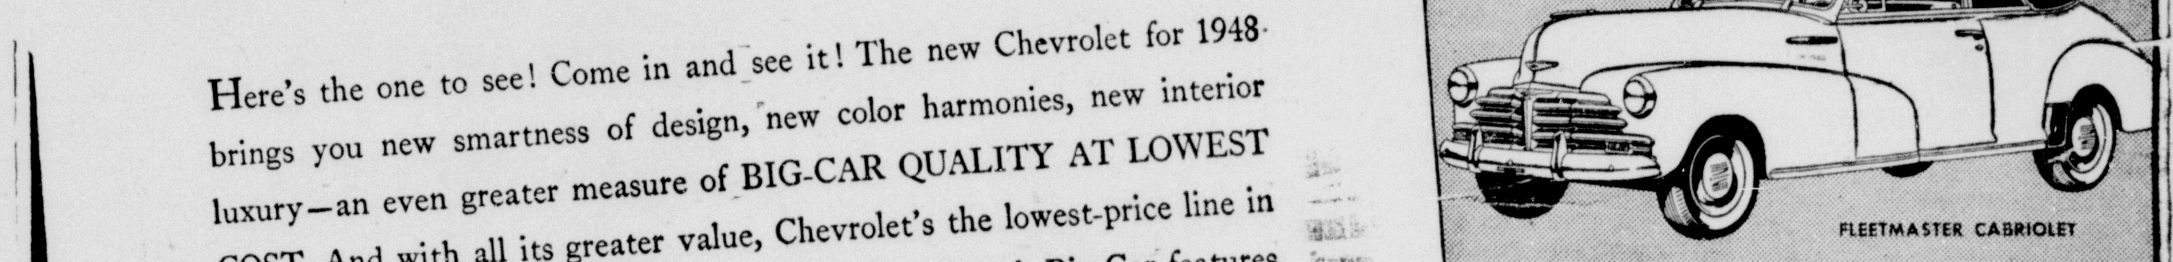

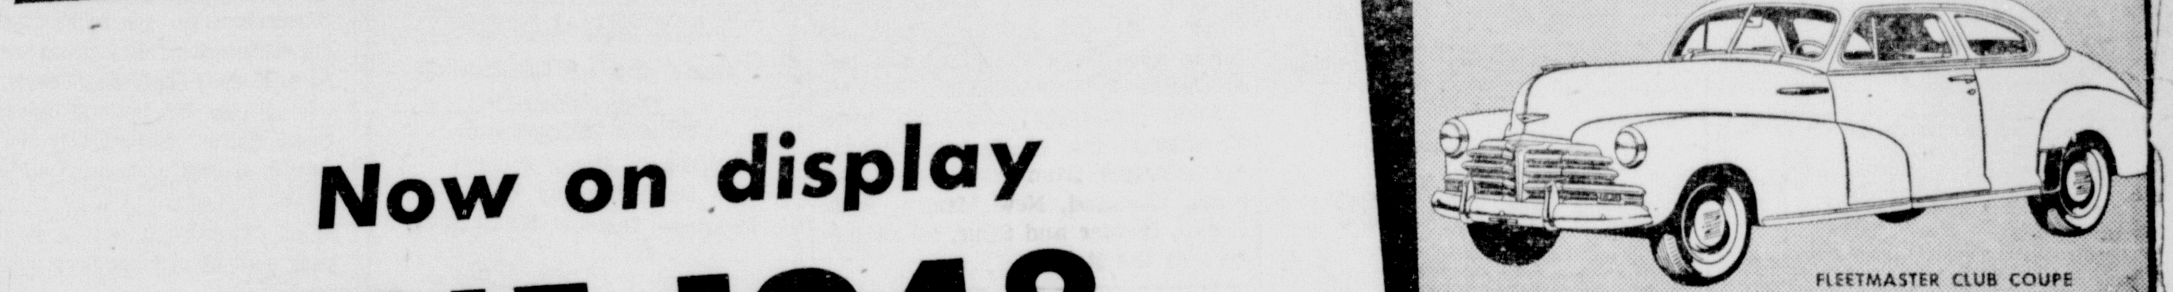

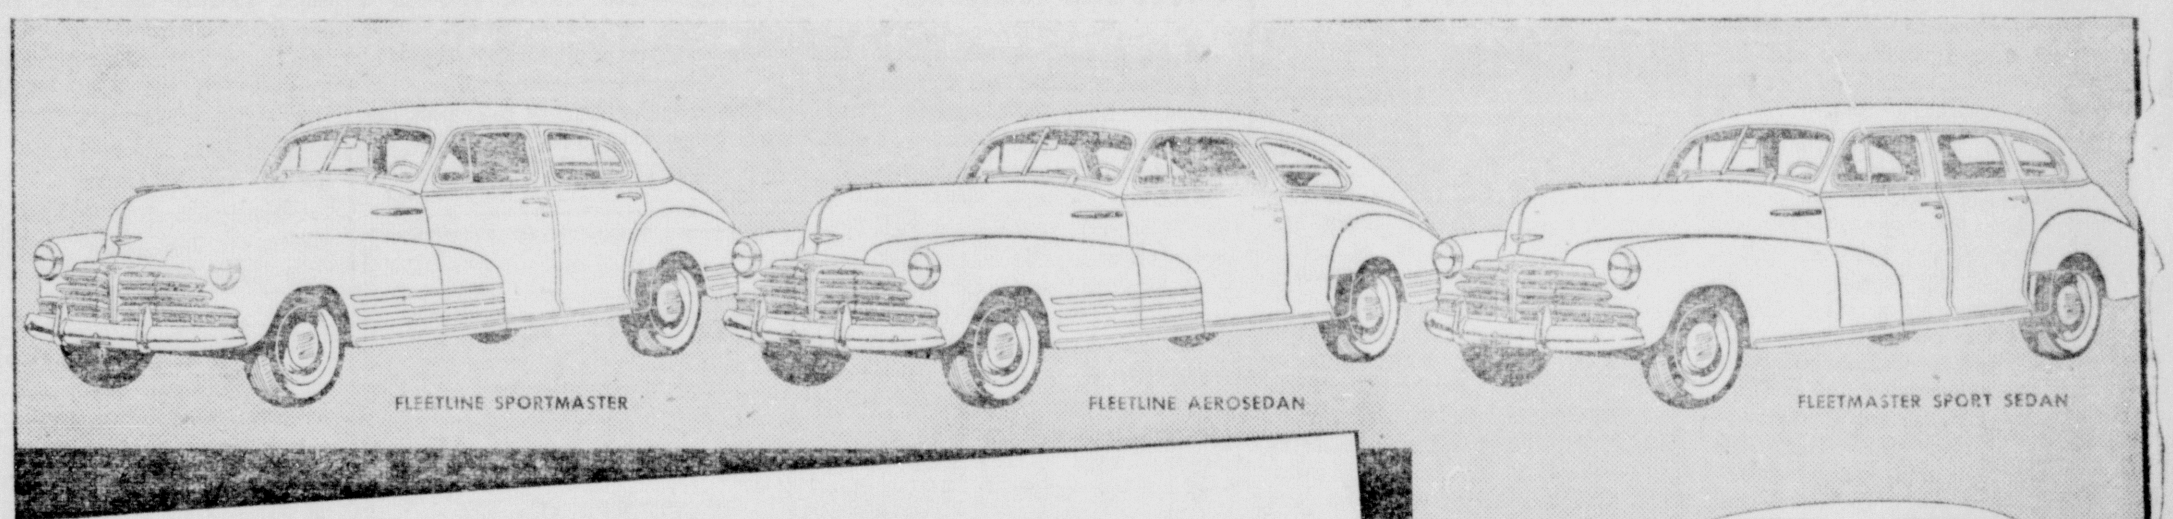

## Playing Safe.

The Scotch chemistry professor was demonstrating the properties of various acids.

"Watch carefully," he said, "I'm going to drop a half dollar into the acid. Will it dissolve?"

"No, sir," spoke one student promptly.

"Correct, and why not?" "Because," came the reply, "if it would you wouldn't have dropped it in."

## General Business In Jones County Shows Good Gain

Prosperity in Hamlin and the rest of Texas was still gaining by leaps and bounds during November 1947, with activity hitting a new high for the postwar period, according to a report received by The Herald from the University of Texas Bureau of Business Research.

Practically every phase of business reached levels exceeded only by wartime peaks and a number of important indicators bounced to all-time highs.

The index of business activity compiled by the Bureau soared to 208 per cent of its prewar base. This hike of 30 per cent in business activity since the reconversion low of 160 in October 1945 represented a recovery of all the ground lost with the cancellation of war contracts between August and October 1945.

Only the index of miscellaneous freight carloadings failed to rise between October and November. Outstanding was the strong rise in department and apparel store sales, offsetting the sharp drop showing up in October.

Employment was 24 per cent up prewar levels, pay rolls were up 144 per cent over 1935-1939 averages, crude oil runs to stills rose to a point 67 per cent above prewar, electric power consumption was up 191 per cent and department and apparel store sales soared 240 per cent above dollar totals in 1935-1939.

Bank debits stood more than four times the prewar level in November with the index rising to 407. (Base of 100 per cent being 1935-1939 level.) Affected by all check transactions in the 20 largest cities in Texas, the index served as a relative measure of the changes in the dollar volume of business transactions.

### Exported Foods Enormous.

Exports of all foods from the United States, if loaded on European box cars, would make an unbroken train long enough to reach three times across the Atlantic Ocean.

## TPA Mid-Winter Convention Speakers—January 31

**HEADLINERS** Feature speakers on the Texas Press Association's Mid-Winter Convention program, January 31, at the Baker Hotel in Dallas, will be the three newspaper executives pictured above. Mrs. Irene Simms Reid, center, advertising director of the Monroe (La.) News-Star-World, will address the Texas editors on the subject of "The Community Story on Public Relations." She is nationally known for her accomplishments in advertising and selling. O. H. Lachenmeyer (right), will present a publisher's viewpoint of an active state press association. He is owner of the Texas City (Tex.) Sun, the San Benito (Tex.) Cameron County News, the Cushing (Okla.) Daily Citizen, and is president of the Oklahoma Press Association. W. R. Rutherford (left), publisher of the Dumas (Tex.) Moore County News, will discuss "Needed Legislation." Rutherford is the immediate past-president of the Panhandle Press Association.

## Liquor Charges Made After 18-Mile Chase

Charge of transporting intoxicating liquor was filed by the Abilene office of the Texas Liquor Control Board in a Jones County Court last week.

The charges were against Howard Richardson of Abilene.

He was arrested last week by a state liquor control officers after a chase of 18 miles, starting at a traffic light on the Anson highway in Abilene and ending near the Midway Cemetery, about two miles north and two miles west of the Onyx Refinery about 12 miles from Anson.

L-Men confiscated Richardson's 1946 Dodge sedan and 15 cases of whiskey.

## Pied Pipers Lose Close Contest

Weatherman didn't step in on the Hamlin Anson game here Tuesday night and halt it as other District 5A games were.

Hamlin was outpointed in the fading minutes of a thrilling contest by the Anson Tigers 43 to 40.

Pied Pipers held a narrow 24-20 halftime lead. Billy G. Franks of Hamlin and Ray of Anson were tied for high scoring honors with 14 points each.

Hamlin's B team nudged the Anson crew in the program opener 20 to 19.

## McCauley Boys Win Blackwell Tourney Friday, Saturday

In the basketball invitation tourney at Blackwell last week McCauley won first place in the boys' division while McCauley girls lost one kicking them out.

Scores for the McCauley boys ran McCauley over Trent 36-20 then on over Divide 38-26, and in the finals McCauley over Blackwell 29-21.

McCauley girls were downed in the first round by Trent 20-10.

In the girls consolation Crews won over McCauley 15-13.

All tournament team members from McCauley included:

Boys' Team—Lee, Gibson of McCauley. Others receiving votes

## Bryant-Link Officers Named

In an annual stockholders and managers meeting of Bryant-Link Company held in Stamford January 14 all officers and directors were reelected.

Business sessions were held at the Stamford Inn and lunch was served them at the Snack Bar.

All officers and directors, reelected are listed as follows: R. B. Bryant, Stamford, chairman of the board; W. J. Bryant, Stamford, president; George S. Link Sr., Spur, Guy Speck, Carlsbad, New Mexico, vice presidents; A. Smith, Stamford, secretary-treasurer and Carrie Lou Davis, Stamford, assistant secretary. Other directors included other men from Stamford and also Carlsbad, New Mexico.

Store managers attending were Thomas Teague of Hamlin, and representatives from Aspermont, Lamesa, Carlsbad, New Mexico, Post, Rotan, Snyder and Spur, all managers of the stores.

### were Fought of McCauley.

Girls' Team—Billy oyce of McCauley for guard with Bernice of McCauley receiving votes on the team.

Awards were gold plated basketball charms.

Coaches for McCauley were: Webb for the boys and Mrs. Ida Short for the girls.

Denman Morgan of Lubbock visited his parents, Mr. and Mrs. J. P. Morgan, over the weekend.

Mrs. D. J. Turner, Sr., is sick with the flu.

Mr. and Mrs. Milton Fletcher of Fort Worth visited Milton's parents, Mr. and Mrs. W. L. Fletcher.

Mr. and Mrs. W. L. Boyd, Jr., and three sons of Plainview visited Mr. and Mrs. W. L. Poyd, Sr., over the weekend.

Miss Eleanor Temple and her father are both recovering from severe cases of flu.

Mrs. M. T. Via has returned from a visit with her son, Hubert Via, and Mrs. Via in Vernon this week.

Helen Eysen, baby daughter of Mr. and Mrs. Bill Eysen, has been quite ill with a throat infection this week.

## CURRENT COMMENT

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Herald. Current Comment is merely carried as a feature column.

By LEON GUINN

★

It is interesting to note a number of the former members of the treacherous Kamikaze Corps of the Japanese Air Force have now become gangsters and black market operators, according to results of a special investigation by the Tokyo Police Board recently. . . . These ex-air force members of the Rising Sun—which set some time ago—are notorious for the ruthless methods they pursue in keeping operations alive in the hell holes and "dives" still functioning in parts of Japan. . . . The Japanese, ill equipped to stand the approaching winter, have been rather silent on just what, incidentally, their volume of help from outside sources will be.

★

Experts in the U. S. Department of Agriculture are expecting grain purchases for foreign shipments to become easier after January 1. . . . It seems many farmers are holding their wheat primarily because more sales now would push them into higher income brackets. . . . Secretary of Agriculture Clinton Anderson has an ace in the hole if such holding directly threatens the relief program. . . . He has been advised by his legal staff the "certificate" plan of purchasing wheat can be revived without new legislation. . . . Used quite successfully two years ago, such plan would enable a farmer to sell and deliver his wheat to the government and, if he chooses, accept payment after January 1, which is beginning of the new tax year and at the market price then prevailing.

★

There is room for argument in Congressional approval of President Truman's price control program. . . . Republicans, for instance, are quite hostile to the idea, but may be convinced later that price controls are necessary. . . . Truman's statements against police-state methods will be the crux of the argument against his program if it is tough. . . . His plan, on the other hand, will be called futile if it is mild. . . . There is good reason to believe, however, that Republicans will be forced to accept President Truman's recommendations—regardless of party lines, special axes to grind and rather "ripe" dead cats that need removing. . . . Creation, for instance, of an allocation board with broad authority to regulate use of such basic commodities as wheat, corn and steel will be the most important proposal in Truman's special session message.

★

With each returning year, higher joys, holier aims, a purer peace and diviner energy, should freshen the fragrance of being.—Mary Baker Eddy.

## TRUE STORIES of WEST TEXAS

(By N. H. Kincaid, 2618 Hictory St., Abilene, Texas—Copyrighted)

### "WILDCATS ARE UNPREDICTABLE"

Man on the tower heard it first, on that warm, still night, in July, 1917 and yelled to one of the ground men. "Hey, Bill; she's comin' in! I'm getting down from here!"

And his decision was none too soon. The low rumbling noise had become a snarl and the earth itself seemed vibrating with emotion as though it were doubled up with pain and about to begin retching any moment.

And then it happened. Almost immediately the packing, block and all, came hurtling upward and a stream of natural gas shot skyward. The little wildcat, Nannie Walker No. 1, had blown herself in at 3,400 feet. She was to be the first of many in the Ranger Field of Eastland County and this field was destined to startle the oil producing world.

So mused Andy Urban, the driller,

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germs, phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

### Farm Loan Plans—

Long Term—4 per cent; Int. up to 40 years—"Tailored to fit" No appraisal fees—No loan fees—No commission—No title examination fees. The borrower gets the FULL amount of the loan at the low cost guaranteed interest rate of 4 per cent.

### H. O. Cassle & Son

Office over F & M Bank

as he hurried onto the field at dawn the next morning. Born in Fundley, Ohio, June 18, 1868, he had been following the oil business most of his life. He got his first rig in Indiana but he was a wildcatter and he followed his nose westward. He drilled for himself and he drilled for others.

Urban was in Bartlesville, Oklahoma, in 1905, with the first indication of oil interest in the Indian Territory. In 1911 he moved down to Wichita Falls. But now, in the edge of the Cross Timber section of West Texas, he felt that he was helping to usher in his biggest and best strike. "And if so, here is where I quit roaming and stay put," he had mused on the way over this morning. The children's schooling was being hindered too much, as things were.

But the well was still blowing off gas when he arrived—8,000,000 cubic feet of it daily, it proved. And it continued to do so, as the days slipped into weeks and the weeks into months. Some of the gas was used but most of it was allowed to escape into the air. It was piped 200 feet away from the well with a four inch pipe.

In the meantime another wildcat had been brought in on the nearby McClesky farm at 3,435 feet and it was a producer. All the oil world was acclaiming it and it was more than fulfilling Urban's prophecy. And just when in his gasser, it blew into the oil sand and yielded 1,000 barrels daily! This was in January 1913.

Andy settled in his adopted West Texas, where he still lives today. "I have seen a lot of improvement in the oil field work during these past 30 years," he explains. "Drilling has now become a science and wildcatting is no longer such a gamble. Waste has been reduced to a minimum and the old days of flowing with the gas as well as those of the open earthen tanks are gone. Why," he concluded, "there have been so many changes that I wouldn't even know how to handle a rig now! And I owned a string for 50 years."

### Wiley J. Prichard, Father of Two Hamlinites Dies

Wiley Jordan Prichard, father of Tom Prichard and Mrs. Dorothy Bevels of Hamlin, passed away January 15 at 12:10 o'clock a. m. at a hospital in Amherst. He had made his home in Amherst. His health had been failing for three years and had been bedfast for six months.

Funeral services were held at 3:00 o'clock p. m. January 17 at the Amherst Church of Christ by Brother Jack McCormick of Littlefield.

He is survived by two sisters, Mrs. Emma McTigrit of Phoenix, Arizona and Mrs. L. B. Jordan of Hollis, Oklahoma and one brother, Minister J. L. Prichard of Carlsbad, New Mexico.

Eleven children also survive and include: Tom of Hamlin, Mrs. Dorothy Bevels of Hamlin, Vivan and Reece of Anson, Luther of Abilene,

## Hamlin Ties Anson For Second Place In Cage Games Last Week

Hamlin moved up to tie Anson for second place in the cage circle last week in the 5A Eastern section. Throckmorton leads the Eastern section 5A cagers with a seven win no loss record.

Results for the Eastern section in which Hamlin is playing, for last week included: Hamlin 54, Stamford 20; Albany 25, Haskell 24; Anson 40, Rule 32; Throckmorton 64, Albany 18; Anson 58, Haskell 22; Hamlin 43, Rule 34.

Western section results looked like this: Loraine 43, Snyder 23; Merkel 62, Roby 33; Roscoe 60, Colorado City 14; Merkel 39, Snyder 28; Roscoe 41, Loraine 26; Roby 34, Colorado City 26.

Games in the Eastern section this week for Tuesday included: Anson at Hamlin, Stamford at Albany and Throckmorton at Rule. Games for tonight (Friday) include: Hamlin at Albany, Anson at Throckmorton and Stamford at Haskell.

Games for the Western section included: Tuesday—Snyder at Roscoe, Merkel at Colorado City, Loraine at Roby. Tonight (Friday) games include: Snyder at Colorado City, Roby at Roscoe and Loraine at Merkel.

Standings for both the Eastern and Western sections up to Tuesday stood like this:

Eastern Division					
Team—	W.	L.	Pct.	Pts.	Opp.
Throckmorton	7	0	1.000	386	136
Anson	5	2	.714	261	283
Hamlin	5	2	.714	216	233
Rule	3	4	.429	203	222
Albany	2	5	.286	187	243
Stamford	1	5	.167	155	262
Haskell	1	6	.143	183	238

Western Division					
Team—	W.	L.	Pct.	Pts.	Opp.
Roscoe	5	0	1.000	234	150
Merkel	4	1	.800	260	153
Loraine	3	3	.600	165	147
Snyder	2	3	.400	206	174
Roby	1	4	.200	161	201
Colorado City	0	5	.000	99	300

Mrs. Ethel Gray of Fort Worth, Mrs. Ola Maberry and Mrs. Ollie Daniel of Anson, Mrs. Naomi Simmons of Amherst and Mrs. Bertha Evans of Lubbock. He also had 30 grandchildren and 11 great grandchildren.

Hamlin old timers will remember Mr. and Mrs. Prichard and family resided in Hamlin several years and moved to Anson about 14 years ago.

## 3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15 1/2 cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947. Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

### Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroad in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

### What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

### Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15 1/2 cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.	Type of Employee	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15 1/2 Cents per Hour Added
ENGINEERS	Road Freight (Local and Way)	\$3,966	\$6,126	\$6,757
	Road Passenger	3,632	5,399	6,025
	Road Freight (Through)	3,147	4,684	5,169
	Yard	2,749	4,081	4,539
FIREMEN	Road Freight (Local and Way)	2,738	4,683	5,268
	Road Passenger	2,732	4,544	5,165
	Road Freight (Through)	2,069	3,460	3,891
	Yard	1,962	3,136	3,553

Railroad wages computed from Interstate Commerce Commission Statement M-300. Full year 1947 estimated on basis of actual figures for first eight months.

## Voluntary Savings of Gasoline and Gas Urged for Area People and All U. S.

People of Jones County and the rest of the country were called on by the government Thursday to reduce consumption of scarce gasoline, fuel oil and gas by 15 per cent as new cold waves rolled across the northern plains toward the Eastern Seaboard already shivering in below zero weather.

Secretary of Interior Krug told an emergency conference of fuel co-ordinators from more than 20 states meeting in Washington last week-end that voluntary consumer curtailment is necessary not only to relieve the current petroleum shortage but also to speed solution of a supply and distribution problem that may continue four or five years.

Krug's request was presented by Max Ball, director of the department's Oil and Gas Division, who said President Truman is also preparing an order to government establishments to practice "rigorous" conservation measures.

The forecast of continued cold for the Middle Atlantic states and New England brought little hope for easing the strain on dwindling fuel stocks. Although relief from the cold was in sight for the South, nearly all other sections were forced to adopt emergency measures to stretch fuel supplies not only in homes but in industries dependent on fuel piped in from Louisiana and Texas.

In all sections the story was the same: Oil production in the United States is at a record peak, but overstrained distribution facilities are unable to cope with increased demands further intensified by severe weather.

For the immediate emergency the Interior Department heads asked the public to adopt the following measures:

- 1.—Keep room temperatures at 68 degrees or less during waking and working hours, and 60 or less at all other times. Heat no unoccupied rooms or unused space except to prevent damage.
- 2.—Do no more motoring than is necessary. Drive at reduced speeds. Use regular instead of high-test gasoline. Whenever possible use

public transportation instead of private cars.

3.—Waste no hot water. Install insulation, weather stripping and storm sash where possible. Keep shades down and blinds closed when outside light is not needed.

4.—Install no equipment for burning oil, gas or bottled gas. Plants which can should convert to coal immediately.

## W. W. Johnson, Former Resident, Dies at Haskell

W. W. Johnson, 76, of Haskell and brother-in-law of Rev. S. J. King, evangelist of Hamlin and a resident of Jones County for most of his 76 years, died Tuesday morning at Haskell, word was received early in the week by The Herald.

He was buried Thursday evening. Survivors from Hamlin and area included Mrs. Erma Hall, Mrs. Mac Perdue and Rev. and Mrs. S. J. King, all attended the final rites.

## Big Business Deal, Too.

A wildcat operator who was always talking in terms of thousands of dollars, was greeted one evening by his 11-year-old son who announced:

"Well, dad, I've sold our dog. Got ten thousand dollars for him!"

"Ten thousand dollars! Let's see the money."

"I didn't get the money. I got two five thousand dollar cats for him."

## COTTON QUIZ

Can a house be built of cotton?

ANS.—A DURABLE, FIRE AND WATER PROOF COTTON LAMINATE BUILDING MATERIAL NOW IS IN PROCESS OF DEVELOPMENT... LIGHTER THAN ALUMINUM, STRONGER THAN STEEL—IT CAN BE USED FOR HOMES!

## Sadler Seeks Senate Post

Harley Sadler of Sweetwater, a West Texas veteran showman and state representative for the past three terms, will be candidate for the post of state senator from the 24th district, he announced in his hometown, Sweetwater, last week.

Sadler added that a formal announcement concerning his campaign program will be released in the near future.

# "Your Ford is our future!"

Tomorrow's sales  
depend on how well  
we service your Ford today...

Frankly, we Ford Dealers are looking ahead.

We want to make every Ford owner a Ford owner for years to come.

Our method is simple. We're keeping the Fords we service in the very best condition.

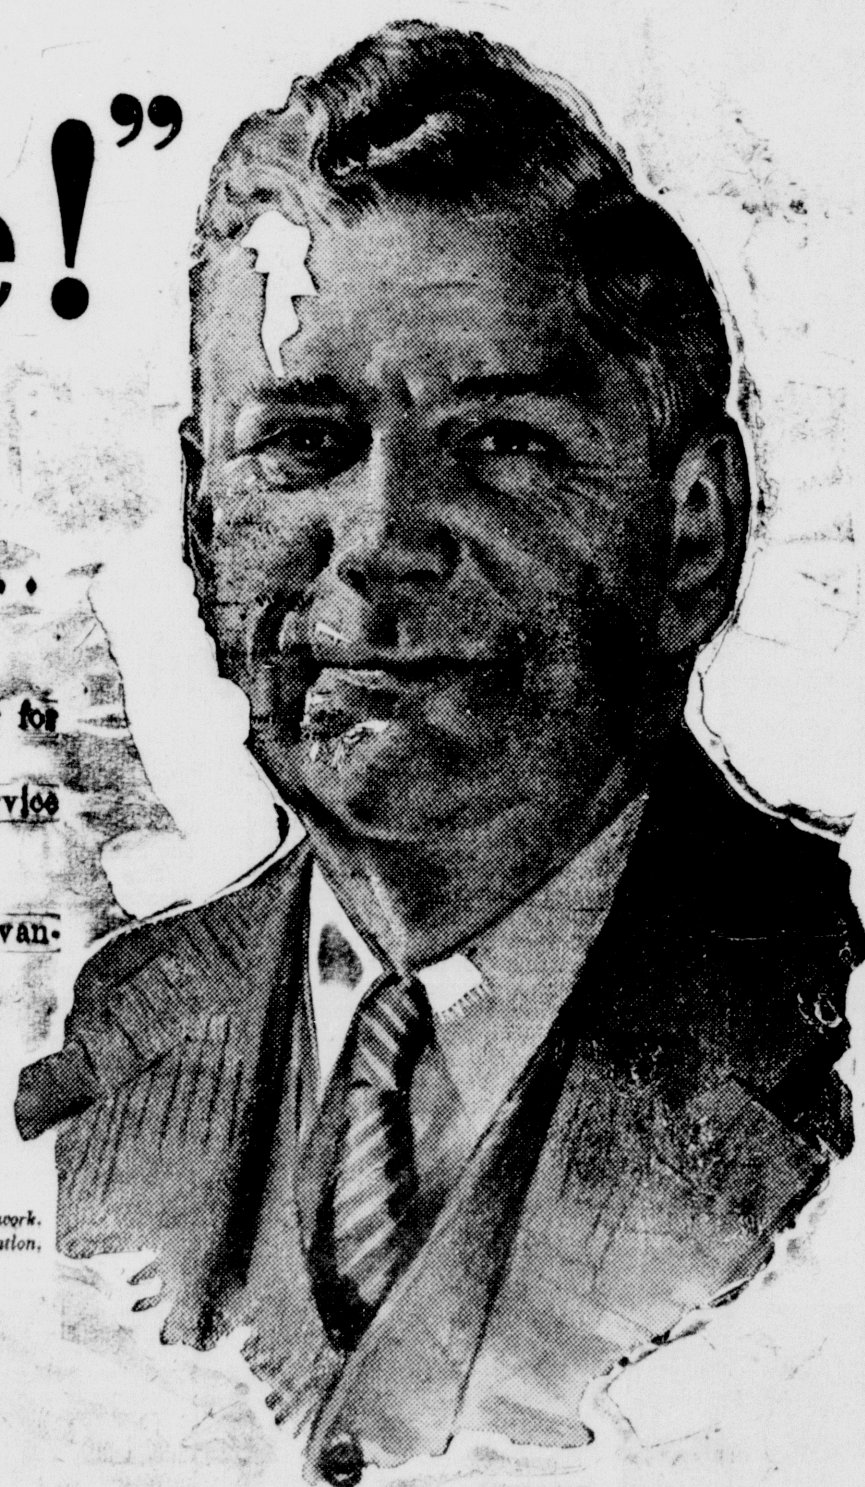

And we're keeping our service prices down!

We can do this because of our four Ford service advantages: Ford-trained Mechanics, Genuine Ford Parts, Factory-approved Methods and Special Ford Equipment.

If you're one of the small percentage of Ford owners who hasn't yet discovered this special kind of service you get from Ford Dealers, you'd better come "home" today for real savings of time, money, and trouble.

Your Ford Dealer invites you to listen to the FRED ALLEN SHOW, Sunday Evenings—NBC network. When is the Ford Theater, Sunday afternoons—NBC network. See your newspaper for time and station.

1. Factory-approved Methods
2. Ford-trained Mechanics
3. Genuine Ford Parts
4. Special Ford Equipment

## From Our Early Files

10 Years Ago—1938

Thursday evening, January 13, the Hamlin football team entertained with a banquet at 7:30 p. m. in the High School auditorium.

Miss Gladys Davis returned from Baylor hospital in Dallas where she had been taking a post graduate course in nursing.

Mr. and Mrs. Sid Johnson are the happy parents of a son, born January 18 at the hospital.

Clifford Stewart underwent an appendectomy Sunday, January 16 and is reported doing fine.

Miss Willie Walker received treatment at the hospital Saturday, January 15, for a fractured arm.

Mrs. W. B. Teague was released from the hospital January 15.

Dr. and Mrs. Turner Bynum are visiting in Dallas this week.

Miss Elmo Joy Wilson, a junior at STC, Denton, was one of the students chosen as a favorite of the 1938 Yucca, college year, recent assembly election.

Little Lee Cohorn and fatherford visited friends in Odessa the past week.

P. Hood, Mrs. A. J. and Dorothy Nell Darby are at the home of Mrs. Bynum honoring Miss Jewell Dean who will become the bride of Jess Bynum, Saturday, January 22, 1938.

Carl Johnson was home this week visiting his parents, Mr. and Mrs. Johnson and other friends in Hamlin.

25 Years Ago—1923

Mrs. Carlton Parker of Roby was a visitor of her parents, Dr. and Mrs. L. S. Magee.

Mr. and Mrs. W. D. Eaken returned Tuesday from an extensive trip to their old Hunt County home in Greenville with a daughter, Mrs. Collins of Oklahoma.

D. L. Riddle bought the J. R. Freeman property on Houston Avenue through the Border Realty Company.

Mrs. C. C. Prather and little son, Charles, went to Waco, Monday to visit her mother and sister, Mrs. J. M. Neely and Miss Elizabeth.

J. C. Bledsoe and wife are back home after a trip back to their old home in Fannin County.

Clarence Bailey is on the Plains looking after his land interests.

Mrs. M. T. York has been ill this week with the flu.

Miss Clerabel McGee, age 12, who was taken to a hospital in Dallas, January 6, for an operation is reported to be improving.

Tom Drennen has gone to California.

R. C. Poore left Sunday afternoon for Tahoka on a business trip.

### Milk Bottle Notes.

Horace B. Hatton, official of a Baltimore dairy, collects notes left in milk bottles as some collect stamps. Among the prizes of his collection are these:

"Dear Milkman: Please leave me three quarts of milk and one cigarette. I am smoking my last one as I write this note."

"Dear Milkman: Nothing today. Just two quarts of milk."

"Milkman: We are going away on our vacation. Will not need any milk until we return. Please be sure to leave two quarts on the day we return, but we can't be sure just what day that will be."

### One Way to Look at It.

A spry old gentleman was smoking in the bus. The conductor said to him:

"Don't you see that sign that says 'No Smoking Allowed'?"

"Of course I do," replied the old man, "but how can you expect me to observe all your rules? There's another sign that says, 'Wear Spiral Corsets!'"

## Pot Shots . . .

enough to mail us your local news we will see that the same gets into print. As we have explained before this column is written on the spur of the moment and often just in time to catch the train to Hamlin for publication. Along with our own duties and many free jobs it is impossible to get all the news all the time. Those who do cooperate by sending in news are greatly appreciated. If you have any critical remarks, please tell the editor, he might give you a big job as reporter. And if the editor can't use you then we will be glad to refer you to some big town news syndicates.—Yours, George.

## Huge Parade to Open Fort Worth Fat Stock Show

Hamlin and other Jones County folks who are planning to attend the annual show of Southwestern Exposition and Fat Stock Show at Fort Worth, beginning January 30, will see on the opening day the traditional western style parade that will march through downtown Fort Worth, Ernest Allen, vice president of the show and parade committee

chairman, announced this week. The mounted parade, forming at 12:30 p. m., will move promptly at 2:00 p. m., Allen stated this week in a release to The Herald. All participants, except bands, will be on horseback or in horse-drawn vehicles.

Prominent in the line of march will be out-of-town riding groups, special town delegations and bands. Banners identifying groups from towns or organizations may be carried. No permit is necessary to enter the parade.

Among the out-of-town groups scheduled to march are the Parker County Sheriff's Posse composed of

Mrs. H. G. Breneman of Paris and Mrs. C. H. McCleary of Honeygrove and their niece, Mrs. A. L. Brown, of Paris came to be with their sister Mrs. R. H. McCurdy, who underwent surgery in a Stamford hospital January 22. Mrs. McCurdy is reported to be doing fine.

Rubber Stamps at The Herald.

60 uniformed riders, the Bar GW Mounted Square Dance Team of Fort Worth, the Burkburnett and Ennis High School Bands. Waco Longhorn Club is expected to send representative riders.

# Your Fuel Supply

## A WORD FROM LONE STAR GAS COMPANY

You have read, perhaps, newspaper stories and listened to radio newscasts about this winter's "fuel shortage." The government is recommending rationing and restriction of use for some areas.

Because of these circumstances those of you who depend on Lone Star for Natural Gas Service probably would like some reassurance about your own fuel situation.

**There is no shortage as far as Lone Star customers are concerned. Lone Star has plenty of natural gas to serve all homes now depending on it.**

Lone Star Natural Gas System is fortunately located in that most of its sources of supply in 75 different gas fields form somewhat of a circle around the area served. The transportation system is designed to take advantage of this fact with pipelines criss-crossing the area so gas can be routed from at least two different directions to most communities.

We expect to handle, barring pipeline breaks or wash-out by floods, the fuel needs of homes on Lone Star system, no matter how cold the weather. Should there be any instances of low pressure areas they will be extremely isolated and a result from unusual shortages of material over which we have no control.

Homes have first call on Lone Star Service. On extreme days, as in past years, it may be necessary to discontinue service to large industrial users so all our vast pipeline capacity may be used for supplying fuel to homes. Industries contract for service with this understanding. We sincerely appreciate their cooperation.

Lone Star is in midst of vast expansion and improvement program for the thousands of new customers that are being added each year. \$40 million are being invested in new facilities. Last year, the first of this program, 100 major projects were completed over the system. They greatly strengthened Lone Star Service for the benefit of over 400,000 homes.

# POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

Our good friend, Starr Inzer, from up Hamlin way writes us and enclosed two checks for \$5 each. The letter as follows explains everything: Dear George: I think maybe you and Levi might sell ice to an Eskimo, at any rate this week I sold all the harness, wagons and horse collars that we used to use in this country back in the dark ages.

Now just how much effort you and Levi extended in this sale is still to be questioned, however it seems from reading your column The March of Dimes and the McCaulley Cemetery Fund rate top billing so I am enclosing my checks for the sum of \$5 each for the above funds, so if Levi squaks just tell him his \$5 went to the March of Dimes. As ever, Starr.

(Note—The readers of this column will remember a few weeks ago that Starr listed his horse collars and so forth with Levi and the scribe for the purpose of sale and of course we were to get our regular commission from said sale but due to the fact that Starr made the sale it is only but natural that he felt he did owe we "poor boys" a commission. Anyway we are very grateful to "big-hearted" Starr for his generous contributions to two worthy causes. And Starr when you are down at McCaulley please drop in—either Levi's home or the Pot-Shot man's place of adobe for a duck dinner—or course, you will bring the ducks.

Clayton Carroll and Luther Maberry were on business last week in Amarillo.

G. W. Martin, old timer of these parts, became ill suddenly one day last week. We are glad to report

that his condition is improved. "Hillbilly Courtship" a three-act comedy played to a packed house last Friday night at the High School. Characters in the play included: Mr. and Mrs. Tom McCasland, Mr. and Mrs. Jerry Miller, Mr. and Mrs. George Darden. Mrs. O. T. Hemmington was director and proceeds from the said play will buy extra equipment for the McCaulley High School Lunch Room. The play will be given at the Club House at Celotex in the near future with date to be announced later.

Sylvester girls High School basketball team defeated Roby last Thursday night in the local gym. Sylvester A team boys defeated the McCaulley B team by a score of 16 to 9. The two games mentioned was the first of the county finals before going to district.

On Wednesday night of last week Hobbs High School girls and boys journeyed over to McCaulley for two basketball games. McCaulley youngsters winning both games the local girls winning by a score of 30 to 10 and the local boys by a score of 28 to 24.

Mrs. Della Fancher, a long time resident of these parts, underwent major surgery in a Stamford hospital about 10 days ago. At this writing Mrs. Fancher is improving.

Mrs. W. C. Kean entertained with a birthday supper for her husband on the 24. Mr. and Mrs. O. C. Prather

were guests.

Mrs. W. M. Keller was taken to a hospital in Rotan last week for medical treatment.

S. E. Miers hands us another subscription for The Herald which goes to his son, L. B. Miers, and family who are now living on Route 2 Muleshoe.

The pretty snow has the countryside blanketed at this writing and it is still snowing some.

McCaulley High School basketball teams both girls and boys won the county finals at McCaulley last Saturday night. McCaulley boys defeating Roby by a score of 24 to 20 and McCaulley girls winning over Sylvester by a score of 14 to 12. Both games were thrillers and people were pulling their hair and screaming before the games ended. Ed Mason Gymnasium was packed even though the ground was white with snow.

Miss Velma Lou Boyd, Coleman teacher, spent last week-end in the home of her parents, Mr. and Mrs.

Louis Boyd.

About 6,000 acres that is being purchased in the Davis Mountains will cost \$75,000 and not \$7,500 as was stated last week, it will take the same amount to equip same, all of which will be at the disposal of the Boy Scouts for several western counties.

Mr. and Mrs. Albert Gallaway Jr. and son visited last week-end with parents, Rev. and Mrs. C. E. Dick and Mr. and Mrs. Albert Gallaway Sr. Their home is in Ralls.

Our congratulations to J. C. Turner Jr. of Hamlin on being honored by Hamlin's Civic and church organizations as the top man of Hamlin in 1947. Mr. Turner is also tops in our book.

College students home over the week-end in McCaulley were: Miss Mary Ann McCollum from McMurry, Abilene and Callan George from Hardin College, Wichita Falls.

Mrs. J. J. Crowley, who underwent major surgery in a Rotan hospital last week, is reported to be doing as well as could be expected.

Those of you that last year pledged so much per year for the McCaulley Cemetery Fund please don't forget to send in your contributions for this year. It would sure help if we had a lot more folks who would

lin in 1947. Mr. Turner is also tops in our book.

College students home over the week-end in McCaulley were: Miss Mary Ann McCollum from McMurry, Abilene and Callan George from Hardin College, Wichita Falls.

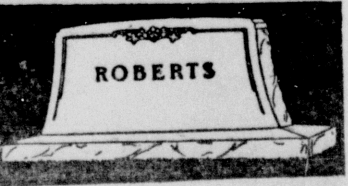

Mrs. J. J. Crowley, who underwent major surgery in a Rotan hospital last week, is reported to be doing as well as could be expected.

Those of you that last year pledged so much per year for the McCaulley Cemetery Fund please don't forget to send in your contributions for this year. It would sure help if we had a lot more folks who would

work going.

Every once in a while some old brother or sister "jumps up" the writer for not writing some local items. As a matter of fact, a country boy's salary as a reporter doesn't justify us to make a house to house canvas for local items, but on the other hand if you would be kind (See POTSHOTS on Page Seven.)

If you wonder how the little woman puts in her day, just look home with a cold and listen.

You now have the opportunity of buying your monuments, large or small, direct from one of America's oldest and largest manufacturers, located in the famous quarry regions of Georgia. We give a written guarantee with every purchase.

# SAFEWAY HAS ALL THE LOW FOOD PRICES EVERY DAY

Safeway customers benefit from savings we are able to pass on to them because of our efficient business methods. And like any large volume business, we are able to price everything we sell at the lowest point that will yield a reasonable return.

But in fairness to our loyal customers it is often necessary to go beyond this. And so we say in all sincerity "We will meet the lowest price of any competitor in town—brand for brand, or with items of comparable quality." This is your assurance that at Safeway you will never be asked to pay more for any item than the lowest price in town on that item.

## Thermometer Reaches A 12-Degree Reading In Hamlin For Winter's Worst

Worst seige of winter that blew into Hamlin early Sunday morning was climaxed with a thermometer reading of 12 degrees Wednesday morning.

Because school busses to Hamlin difficulty first of the week in making scheduled runs, classes counted only about 50 per cent of regular enrollment Monday and Tuesday. On Wednesday classes were attended by about 75 per cent of enrollment, School Superintendent I. R. Hutchinson told a Herald reporter.

Hamlin Schools dismissed classes at 10:30 o'clock a. m. Wednesday morning when gas was ordered cut from big users to keep pressure for homes.

Buses in Hamlin stopped running Abilene early in the week and ways and streets were virtually closed boards' putting traffic at a standstill. Radiators steaming and sliding down on the streets sidewalks cut the Hamlin business short for the first of the week.

High and low temperature reading for Hamlin as received by a Herald reporter from the weather reporter at the local Santa Fe station were:

Day—	Low	High
Sunday	22	24
Monday	24	26
Tuesday	16	18
Wednesday	12	20

High for Wednesday was obtained late Wednesday evening and may not be the exact high.

## Eight Divorces Granted in 104th Court Last Week

Eight divorce cases and a damage case were disposed of last week by the 104th District Court of Jones County. A civil case was set for Wednesday of this week.

Divorces granted were in the following cases:

Annes Voleria Wills vs. Floyd Wills; Catherine Acosta vs. Gersusa Garza Acosta, Gertrude Shelly vs. Ernest Lee Shelly; M. Elaine Kite vs. Delbert L. Kite; William George Erickson vs. Helen McDonald Erickson; Mildred Polock vs. Vernon L. Polock; A. T. Dunn vs. Inez Dunn and Flo Stone.

Damage suit was the case of Hubert H. Tidmore vs. Texas Employment Insurance Company and was settled with plaintiff receiving \$2,375.00.

Civil case set for trial Wednesday was the suit Roy C. Ghalstone vs. Traders General Insurance Company. A petit jury was to be called for service for this case.

Mrs. R. P. Gable is visiting her son in Rotan for several weeks.

## Is That Crippled Kid Worth Some Of Your Dimes and Dollars?

What is more pitiful than a child maimed by the dreaded malady of infantile paralysis? Even death in many instances is not so prone to get sympathy and sorrow as permanent disfigurement and pain. The sight of a child with polio somehow pulls at one's heart-strings as nothing else does.

And one of the beauties about the whole matter is that something can be done with such a situation in most instances. The National Foundation for Infantile Paralysis is doing that very thing. Hamlin an Jones County chapter will be happy to receive your contribution.

Do you want a West Texan's share in the relief for victims of polio?

Jones County citizens are this week being given the opportunity of contributing to this very worthy cause.

Community quotas have not yet been completed, but it is hoped that no single community will be satisfied with raising only its allotted amount.

If you have not been contacted send your check to Mrs. Raleigh Bond.

Several Jones County children have been treated for polio

## Men From 92 West Texas Counties Meet In Big Spring Tuesday to Solve Serious Water Problem

In answer to Hamlin and other West Texas towns and counties water problems in the summer, a conference was called by Governor Beauford Jester Tuesday in Big Spring.

Counties in the area consist of Jones, Fisher, Stonewall, Knox, Haskell, Scurry, Kent, King Garza and Dickens.

Because of stacks of letters that poured into the State Board of Water Engineers, mostly West Texans, what have just emerged from one of their driest years in history.

Fundamentally the problems all center around two main issues, according to Col Spence, board chairman. They are:

- 1.—How to utilize fully without waste the "outtake" from both surface and underground water sources.
- 2.—How to balance that "outtake" with the "inflow."

Stemming from those issues are related problems such as how to supplement inflow, how to conserve soil in its relation to achieve the most efficient water storage.

Nine men were assigned before the meeting the job of collecting that information and presenting it at the meeting. Each has been assigned a group of neighboring counties whose problems are similar.

Included among information asked for each county are on population trends, daily water consumption trends, average annual precipitation, present source of supply and capacity and estimates of water demands as far in the future as 1980.

Each of the nine assistants had been instructed to prepare a 10-

minute brief for presentation at the conference.

With a huge map Spence stated that he hoped to illustrate forcefully that the water shortage has been a far greater contributing factor than the weather.

Map showed a population upswing for the 92 West Texas Counties as from 150,000 in 1900 to 1,000,000 in 1946, representing nearly a 10-fold increase in water demand on the basis of population alone.

From information on supplies and needs gathered at the conference, Spence expects that his work has just begun. First he thinks, the conference will disclose necessity for a great deal more study of underground water and for more gauging of smaller streams.

Gauging which takes from 15 to 20 years to supply data on which to base engineering recommendations, may lead to the placing of more dams on streams and stream tributaries to provide ultimately for a larger water supply, Spence says.

Too, there is a possibility of piping water to the arid regions just as gas and oil is piped about the country, he said.

Also another resule Spence expects from the confab is that of exploring their own resources and needs, both for now and in the future and also to develop a more objective and cooperative view point for the solution of water before the well runs dry.

A. C. Bishop of Stamford, manager of the City Development Board is representative for Hamlin and the rest of Jones County towns. Other counties included in his group included Fisher, Scurry, Borden, Haskell, Kent, Garza, Stonewall and Shackelford.

## 1948 License Plates Go On Sale Feb. 1 By Tax Collector

Jones County's new license plates for automobiles, trucks and other such vehicles will go on sale in the Tax Assessor-Collector office February 1 according to Elzy Bennett.

Allotment for the county includes 6,190 passenger car plates in two series. The first series numbers are from BK-8000 to BK-9999 and the second series is from BL-10 to BL-4199. Color scheme this year is orange numerals on black background.

Other plates in the shipment delivered by a State Prison truck included: 1,190 commercial truck numbers from MH-10 to MH-1199; 750 farm truck plates from RE-1450 to RE-2199; 60 truck-tractor plates from VA-4230 to VA-5390; 400 trailer plates from TC-880 to TC-1279; 35 motorcycle plates from YJ-5430 to YJ-5446.

## Jones County Receives Raisins For School Lunchrooms

In a report from Abilene last week by Taylor County superintendent, Tom McGehee announced that a carload of government surplus dried raisins had arrived for distribution according to the amount of pupils eating in the lunchrooms in surrounding counties.

A total of 1,200 cases were received with 11.5 per cent going to Jones County for distribution said the Taylor County superintendent who is acting as agent for all the counties. Other counties included six per cent to Stonewall and four per cent to Shackelford and 21 per cent to Haskell. Throckmorton Young and Callahan were also included in the list of recipients.

Dr. W. C. House, pastor of the Methodist Church, and his sister, Mrs. Martha Mills, returned Friday from a visit to their brother in San Antonio.

HAMLIN'S TOP CITIZEN OF 1947—as named by the Chamber of Commerce. J. C. Turner Jr., local attorney is also president of Hamlin's Jaycees and other important town doings.

## J. C. Turner, Jr. Named By CC As Top Citizen of '47

J. C. Turner Jr., attorney, was selected last week by the Hamlin Chamber of Commerce as the town's outstanding business man for 1947.

He is president of the local Junior Chamber of Commerce and active in work of the senior chamber and also in activities at the Hamlin First Baptist Church. He also has previously served as Rotary Club president.

Members of the senior chamber are now balloting on new board members to replace the four retiring directors, Mrs. E. M. Wilson secretary of the local senior chamber. The four retiring directors are: John D. Ferguson, Frank G. Waggoner, J. B. Terrell and B. M. Brundage.

Nominees selected by a committee appointed by the Chamber of Commerce president Fred C. Smith are: Eddie Jay, Everett Townley, A. G. Irwin, Edgar Duncan, I. B. Witt, Tom Teague, J. C. Turner Jr., Bowen Pope, George Malouf, Cliff R. Reynolds Sr. and Rev. J. T. Crawford and Herbert Bernshausen.

Holdover members of the board are: Clyde R. Angel, Claude Lancaster, Fred C. Smith, F. B. Moore, Jim Howard King, J. Starr Inzer, Pat Marlow and Art Carmichael. Haskell W. Carter is the local West Texas Chamber of Commerce director.

Ballots are to be returned to the local chamber of commerce office Monday, Mrs. E. M. Wilson, secretary to the chamber of commerce disclosed.

Mr. and Mrs. E. M. (Jack) Hames and Jack's mother, Mrs. Susie Hames, returned from Alabama where they went to attend the funeral of Jack's grandfather, Mr. E. Hames.

## Two Jones County Wildcats Due Initial Tests Early in Week

### Plans Launched For Jones County Livestock Show At Hamlin Feb. 21

Agricultural and livestock committee met last week to lay plans for the annual Jones County livestock show for 4-H and FFA boys. The event which alternates each year between Hamlin and Anson meets this year in Hamlin. The show is set for Saturday, February 21.

This show promises to be bigger and better than previous ones so committee members state. They are increasing the interest of the FFA and 4-H boys in their work is the hope of the directors of the show. The directors hope to show a continued improvement for every show each year. County Agent, H. C. Stanley and vocational agricultural teachers in the County are encouraging the boys to turn more and more to the breeding field of the livestock industry, rather than the program of fattening animals for show purposes only.

The show this year will include several classes of breeding animals, instead of all fat animals. Classes have been set up for hogs, beef cattle, dairy cattle and poultry.

The Herald will carry more news of interest on this matter when the news is available.

## Two New Wildcat Tests Located in County Last Week

Location for two new Jones County wildcat tests, one on the east side of the County and the other in the northwestern section was filed early this week.

Eight miles south of Hamlin, location for a wildcat to test to the Swastika was filed by Eastland Oil Company and P. Kirk Johnson as the No. 1 J. J. Steele, 990 feet from the north and 9,075 feet from the east line of Harrison County School Lands league 334. It is to drill with rotary to 3,100 feet, nearest production is in the Chittenden area.

About 23 miles south of Hamlin near Leuders, location for a 2,000 foot cable tool test north of the Alexander pool has been filed by Jones & Stasney, Groover & McMorde as the No. 3 J. M. Alexander 330 feet from the south and east lines of H. Martin survey.

## Johnny Ammons Is New Roby REA Superintendent

Johnnie Ammons, Fisher County coordinator of the veterans vocational school was named by the board of directors of the Midwest Electric Cooperative Incorporated, REA as superintendent of the district headquarters office at Roby.

Ammons succeeds Lon R. Adams, who resigned recently and served as superintendent since June of 1942.

Ammons assumed his duties last Thursday, and is well known around the counties adjacent.

Counties served by the Midwest Cooperative include: Jones, Fisher, Stonewall, Nolan, Mitchell, Scurry and Borden and two additions soon will be Kent and Garza Counties.

Adams estimated that a total of 1,800 miles of lines to serve 4,000 consumers in the Midwest area would become a reality within the next five years.

Ammons is the fifth superintendent to serve the Midwest Cooperative since its organization in 1939.

Mr. and Mrs. Richard Calloway of Fort Worth spent the weekend visiting Mrs. Calloway's brother, Joe Simpson, and family.

Jake and Joe Weir, students in Hardin-Simmons University, visited their parents, Dr. and Mrs. W. C. Weir, this week.

## Red Cross Quota For Jones County Set At \$8,366

Jones County's goal for the Red Cross for the 1948 fund campaign has been set at \$8,366, which is a little more than last year.

Bill Morrow, Stamford, county fund campaign chairman, will announce in The Herald the chairmen in the various towns and communities of the counties in a short time.

Campaign will get under way on Tuesday, March 2 with a "kick-off" barbecue for all workers in the county the night before.

Plans for the campaign were discussed at the executive meeting held at the Stamford Chamber of Commerce office last Monday afternoon with Hubert Watson, chapter chairman, in charge.

Other phases of the Red Cross work were discussed. Disaster planning for the county was brought up to date and a complete new setup will be worked out.

Production department of the Red Cross has been inactive for the past two years, but that is being reorganized and will be resumed.

A list of the county officers was carried in last week's issue of The Herald.

## Postal Receipts Show Increase

Total receipts for the Hamlin Post Office in 1947 showed an increase over the previous year of \$604.54, according to Postmaster Perry Sparks. Receipts for the year were \$221,188.90, compared with \$21,584.36 for 1946. An all-time high in postal receipts of the local office was in 1945 with \$25,315.76.

Postal savings jumped to an all-time high here in 1947 with \$61,462.00. Postal savings for 1946 were \$39,926.00.

## Santa Fe Carloadings Down For Last Week

Santa Fe system carloadings for the week ending January 24, were 25,103 compared with 27,382 for the same week in 1947.

Cars received from connections totaled 10,929 compared with 10,439 for the same week in 1947.

Total cars moved were 36,032 compared with 37,821 for same week in 1947.

Santa Fe handled a total of 37,808 cars in the preceding week of this year.

Mr. and Mrs. Travis Dean of Lubbock were here during the week visiting Mr. Dean's parents, Mr. and Mrs. R. L. Dean.

## Hamlin FFA Enters Two Steers For \$71,500 Purse in Ft. Worth Stock Show

Hamlin's FFA has entered two steers in the boys' livestock division of the Southwestern Exposition and Fat Stock Show at Fort Worth on January 30 through February 8 in competition with exhibitors from 22 states word was received by The Herald this week.

Glenn Jameson, also of Hamlin, is another exhibitor viewing for a share of the \$71,500 premium offered to the winning cattle, sheep goats swine and horses at the show. His entries are three lambs in the boys' division and fat weather lamb.

These prize animals will be housed in new buildings constructed of steel and brick to provide maximum comfort and weather protection for

Two Jones County wildcats were due early this week on initial tests of the Ellenburger. Both are located in the northeastern section of the county.

Ungren & Frazer et al No. 5 Cox & Hamilton, was one of the wells and is trying for deeper production under the Griffin pool a half mile east of Avoca. It is located 467 feet from the east and 1,384 from the north line of section 21 block 4, H&TC survey.

This well was drilling in a hard chert below the Mississippian at 6,150 feet and was expected to reach the top of the Ellenburger at anytime. Some slight shows, but none of commercial promise were reported below the Palo Pinto. Permit prohibits completion in the Palo Pinto or above 3,270.

Top of the Ellenburger was expected to be reached not later than this Tuesday on the West Central Drilling Company, No. 1 C. N. Humphrey, deep wildcat 13 miles southeast of Hamlin, located 2,100 feet from the east and 330 from the south line of section 2 H&TC survey.

The well was drilling below 5,200 feet early this week with no shows reported to that depth.

Also plugged and abandoned at 3,305 feet with no shows reported is the Ungren & Frazer and Jones & Stasney et al No. 1 C. W. Jones, about 27 miles south and west of Hamlin, 2,500 feet from the south and 2,250 feet from the west line of section 35 block 2 SP survey.

Drilling had begun below surface casing Saturday on the new wildcat seven miles south of Hamlin, the Ralph R. Carroll No. 4 G. Herndon 440 feet from the south and 330 from the west line of subdivision 4 Goliad County School Land survey 359. Permit is for 5,000 feet.

While in the Pitzer Strawn pool the Crown Central Petroleum Corporation, No. 1 Lillie P. Brown located for another extension try, the third within two weeks. Located about 25 miles south of Hamlin. This northeast outpost to the pool is now located 990 feet from the south and 937 from the east line of subdivision 32 Goodwin subdivisions of DeWitt County School Lands league 150. Permit is for 4,750 feet with rotary and drilling is to start today (Friday).

South outpost to the pool, drilling was continuing below 2,850 feet on the Roark, Hooker & Roark et al No. 2 Collins estate, 1,447 feet from the west and 330 from the south line of lot 33 league 150 DeWitt County School Lands survey.

Drilling below about 2,850 feet was the north extension try, the V. C. Perini Jr., et al No. 1 John R. Collins, 467 feet from the south and 542 from the east line of lot 24 league 150 DeWitt County School Lands.

An official gauge of 47.5 barrels of oil per day was filed for the latest completion in the Pitzer Strawn pool, the Roark, Hooker & Roark et al No. 1-A Collins estate, 514 feet from the west and 1,700 feet from the north line of subdivision 33 league 150 DeWitt County School Lands survey. The gauge was on flow through 11-64 choke from the Strawn sand at 4,640-4,648 feet.

both exhibitors and their costly show stock. The \$1,500,000 edifices contain wash pens, judging arenas, office space, dormitories with bunk beds and hot showers, roofed exercise areas and are connected by covered passages.

Horses are lodged in the remodeled horse barn connecting to the Will Rogers Memorial Coliseum. Performance classes are interspersed with the three hour rodeos of which there are two daily during the show. This is the oldest indoor rodeo and contestants will compete for a purse of \$28,500. The show pays the highest per cent premium of any show in the nation with the exception of Madison Square Gardens in New York City, New York.

# OF INTEREST TO WOMEN

## Herbie Fay Johnston Becomes Bride Of Dr. Tom Porter West Here Sunday

In a twilight ceremony read Sunday at the Hamlin First Methodist Church Herbie Fay Johnston, daughter of Mr. and Mrs. Herbert Johnston of Hamlin became the bride of Dr. Thomas Porter West, son of Dr. and Mrs. E. E. West of Abilene.

Dr. Will C. House, pastor of the local Methodist Church, read the double ring ceremony. The church was decorated entirely in tones of pink. A fan of fern, gladioluses and stock furnished a background for the bridal party. Shades of pink tapers gave a halo effect encircling the fan which was flanked with fern and fan-shaped candelabra.

Dr. J. A. Carter of Merkel and E. B. Burch of Abilene lighted the pink tapers. Harold Fletcher, pianist, played pre-nuptial music including Bach's, My Heart Ever Faithful and Brahms's Intermezzo. He also accompanied Mrs. Willard Maberry who sang, "I Love You Truly and 'Oh Promise Me.' Billie Lancaster of Tech, Lubbock read "How Do I Love Thee" by Robert Browning.

The bride was given in marriage by her maternal grandfather, L. W. Ross of Trent and she wore the dress she wore when crowned queen of Hardin-Simmons University of Abilene in 1945. The dress was of ivory satin and designed with long fitted sleeves ending in points over the bride's hands. A yoke of imported lace formed a sweetheart neckline that extended into a mid-

dle panel down the back of the bodice of the skirt and ended in a sweeping train. The skirt was a hooped one.

Bride's fingertip veil of imported French illusion was attached to a train of seed pearls. She carried a fan covered with a matching illusion with a base made of single hyacinth blossoms surrounding a white orchid. Her only ornament was a string of pearls, a gift of the bridegroom.

For something old the bride wore a ring given to her grandmother by her grandfather, L. W. Ross, before the couple was married.

Jeanine Johnston, sister of the bride was maid of honor and wore a dress of fuchsia satin fashioned as that of the bride with cap sleeves. She wore matched lace mittens and her headpiece was of carnations in lighter pink tones. She carried a fan of matching satin covered with carnations in the same shades as her headpiece.

Bridesmaids were Mary Del Johnston of Happy, cousin of the bride; Helen Turner of Dallas, LaDelle Garrett and Mrs. Elsie Misener of Abilene. Miss Johnston and Mrs. Misener wore rose dresses and Miss Turner and Miss Garrett wore light pink. The bridesmaid's dresses were fashioned as the maid of honor's. Their headpieces were of carnations ranging in shades from pink to fuchsia and their fan bouquets were of pink tulle and flowers that matched their headpieces.

Bridegroom was attended by Jack Dessen of Abilene, a student of SMU, Dallas was best man and ushers were Sam H. Jennings, E. B. Burch of Abilene, Dr. J. H. Hamblen of Lorraine and Dr. J. A. Carter of Merkel.

Bride's mother wore a beige crepe dress fashioned with a yoke and sleeves of beige lace. Her hat was of pink flowers and green satin. The bridegroom's mother wore a royal blue dress with blue accessories. Both wore orchid corsages.

A reception was held in the home of the bride's parents. The table was laid with a linen cloth, covered with a three-tiered cake encircled with carnations. Candles, flanked the cake and was encircled with carnations.

For a wedding trip to New Orleans, Louisiana, the bride wore a wine ballerina skirt suit with a fitted coat. Her accessories included a pink crepe and feather hat which was designed for her by a Dallas millinery firm, where she had been modeling for the past year.

The bride, a graduate of Hamlin Schools, Hardin-Simmons University, Abilene and Powers Modeling School, New York City, New York.

## County Agent Gives Odd Job Tips to Work On Now

Hamlin housewives were advised this week by Miss Loretta Allen, Jones County Home Demonstration Agent that there are several "odd jobs" that can be done during the month of January that will make your landscaping work easier the rest of the year.

For instance, look your yard over with an eye toward saving steps and improving design. Often the removal of curbing, trellises or old stumps will add to the beauty of the yard. Get rid of loose sticks and stones, to cut down on mowing troubles later on. Cover trash burners with wire mesh, to eliminate fire hazards. Fill in low spots—level out rough land.

Of course the biggest job during the winter months is transplanting or setting out trees and shrubs. Crowded shrubbery can be thinned out—and the extra plants set out around the garage, smokehouse or windmill—the shrubs will look better and do better and there's no reason why the outbuildings around the farm or ranch should stick out like a sore thumb when a few trees, shrubs and flowers will beautify them.

Rose gardens and bulb beds are other winter activities that will pay dividends in the spring and summer. If your rose bushes are scattered over the yard, put them all in one bed—cuts down on the work and adds to the looks of the landscape.

A beautiful yard is the result of year-round work—ask any serious gardener. The jobs to be done vary from season to season—but always there is plenty to do.

was a member of Who's Who in American Colleges and Universities. Also a member of Alpha Psi Omega and secretary of the student council her senior year at H-SU. During the past two years she has been in Dallas doing clerical work at Southwestern Drug Corporation and modeling.

Dr. West is a graduate of Baylor Dental School, Dallas and a member of Psi Omega fraternity. He attended McMurry College and Hardin-Simmons University at Abilene and received a discharge from the Navy after serving 32 months.

Out of town guests to the wedding and reception were: Dr. and Mrs. J. W. Guin, Mr. and Mrs. J. B. Dean, Mr. and Mrs. Sam Dryden and daughter, Mr. and Mrs. Emmett Boyd, Mrs. Henry Widmer, Mrs. T. M. Blain, Mr. and Mrs. Mack F. Boyer, Mr. and Mrs. T. L. Hamilton, Mr. and Mrs. C. R. Pennington, Mr. and Mrs. D. L. Crump, Mr. and Mrs. L. T. Ward, Mr. and Mrs. C. C.

YOUR SPRING SUIT—will have a waistline look like the suit shown above of flaming rayon, with a caulet.

## Agent Urges Heat To Do Work

Miss Loretta Allen, Jones County Home Demonstration Agent urges Hamlin and other housewives to use a light weight iron and let the heat do the work for you. After all, it's the contact of heat with the dampened garment that removes wrinkles not the pressure or weight, the agent reminded.

Other suggestions include the care of the electric iron. After you're finished with the weekly ironing, clean the bottom of the iron with a damp cloth. If necessary, use a mild scouring powder or soapuds after the iron is cool, but never immerse the iron in water.

Avoid ironing over buttons, hooks, zippers or other hard articles that may be on the clothing.

Before the iron is put away, be sure it is perfectly cold and as a last check, see that the iron cord is in good condition before you need it again the agent concluded.

Mr. and Mrs. J. W. Brown of Galveston; Mr. and Mrs. I. M. West of Hawley; Mr. and Mrs. R. Q. Garrett, and James Garrett and Judge R. Q. Garrett of Anson; Mrs. B. M. McKeown from Nashville, Tennessee; Bill Crabtree of Lubbock; Mr. and Mrs. Elmer Hall of Littlefield; and Mr. and Mrs. James Strawn of Eastland.

## Weakened Condition Shown Over Weakened Condition Shown Over

Many Southwest farm products found weaker markets last week according to a report received early this week from the Production and Marketing Administration of the United States Department of Agriculture.

Hogs fell sharply at midweek for net losses of mostly 50 cents to \$1 for the period. Top butcher hogs closed at \$26.50 at San Antonio and Fort Worth, \$27 at Oklahoma City, \$27.50 at Wichita and \$27.75 at Denver. Sows brought \$22 to \$24.

Ewes sold fully steady to strong but lambs dropped 50 cents to \$1 and more at most Southwest markets. Good and choice lambs closed around \$23.75 at San Antonio, \$23.25 to \$23.75 at Wichita and \$24.50 at Denver. Fort Worth bought medium to choice woolled fat lambs at \$21 to \$24. Oklahoma City closed at \$24 top. Contracting of spring clip wools increased at a million pounds of Texas combing wools were signed up at 50 cents a pound f. o. b. 39 per cent shrinkage.

At losses other early gains in Southwest cattle markets to leave some classes higher some lower than a week ago. Steers and yearlings showed weakest tendencies. Common and medium steers and yearlings brought \$19.50 to \$22.50 at Houston, as medium grades sold at \$22.50 to \$26.50 at San Antonio. The medium and good steers cashed in from \$25.35 to \$29.75 at Denver and \$25 to \$29 at Wichita. Medium and good steers moved at \$20 to \$27 at Fort Worth and \$24 to \$28 at Oklahoma City.

Some Southwest markets quoted eggs a little lower for the week. Dallas and Fort Worth paid around 40 to 42 cents a dozen for most current receipts, Denver 37 to 38 cents and New Orleans 43 to 48 cents. Hens held firm, but fryers found rather slow demand at 47 to 41 cents a pound at New Orleans and around 37 to 38 elsewhere.

Spot cotton prices registered net declines of around \$3.50 per bale in less active buying. Low grade current offerings were not readily accepted by the trade.

Wheat marketings fell off sharply as prices slumped early in the week and closed fully 10 cents lower on Friday. Bulk carlots sold at \$3.11 1/4 per bushel at Texas common points. White corn all but regained early losses but yellow corn stayed at 12

cents lower and other grains netted declines of around five cents.

Most feeds made further gains. Hay weakened under increased offerings and slack demand. Shelled peanuts held firm despite slow trading. Some farmers' moved, mostly at support prices.

## County Farms Worth More Than \$21,351,000

Farm property in Jones County is now worth more than \$21,351,000 and rural homes along with the rest in the state are in the best of condition in history according to a report received by The Herald from a builder's council report.

More than 75 per cent of farm dwellings in Texas and the South are in excellent condition or need only such minor repairs as painting or general maintenance the report revealed. Only 61.1 per cent were in good repair in 1940. The report was based on Bureau of the Census surveys.

"The rise in farm incomes and property values since 1940 has been accompanied by great conveniences as electric lights, tiled baths and showers and running water," a council spokesman stated.

Electricity for instance has gone into hundreds of thousands of the rural dwellings since 1940. More than 59 per cent of all farm homes now have electric lights, in contrast to 31.1 per cent in 1940.

More than 32 per cent of rural dwellings in the United States today have running water, and 20.1 per cent have private baths against the 1940 report of 17.7 per cent had running water and only 10.6 per cent private baths the report concluded.

## Ira A. Milliorn Jr. Reenlists In Navy

Ira A. Milliorn Jr., SC2-c of the USN has reenlisted for four more years.

He has served five years in the service and during the war served on the USS Pine Island in the Pacific. He is now in California in a Naval Trade School learning to become a butcher. Another brother, James Monroe Milliorn, who has been in the Navy for four years is now stationed in Washington; his wife, Sylvia and little son, James Jr., are making their home in Stamford.

James Paschall Milliorn, is with the Naval Civil Service and is stationed in Corpus Christi at the naval base there.

Still another brother, Bill Milliorn owns and operates Bill's Foods here in Hamlin and served 19 months and 22 days. 18 months were spent overseas.

All are sons of Mr. and Mrs. Ira A. Milliorn Sr. of Hamlin.

### Vetch Adds Nitrogen to Soil.

Sandy soils are usually low in nitrogen content, and hairy vetch is an ideal winter cover crop that will add nitrogen to sandy areas and prevent winter erosion.

Dried fruits add flavor and sweetness to cereals as a breakfast food, a supper dish or a pudding.

## BOZO BUTTS—THEY DRIVE HIM NUTS

Rev. Roberts from Abilene will hold services in the Neinda Baptist Church Sunday a spokesman for the church stated. All are invited to be present.

### Nothing Like Preparedness.

"Joe, what made the car splutter and stop out on this lonely road?" "Outa gas, I guess." "Oh, yeah? Try this flask." "What's in it, Mary darling?" "A fifth of gasoline."

### One for Fathers.

"What was George Washington best known for?" "His memory." "What makes you think his memory was so great?" "Well, they erected a monument to it, didn't they?"

Don Eddie Adair, son of Mr. and Mrs. Bill Adair, is doing very nicely after being ill in a hospital at Rotan with racheo bronchitis.

Mr. and Mrs. S. J. King, Mrs. Elmer Hall and Mrs. Jessie Purdue attended the funeral of their sister, Mrs. W. W. Johnson in Haskell this week.

Friend—"Let me congratulate you, old man, I'm sure you will always look on this day as the happiest day of your life."

Bridegroom—"Er, but it's tomorrow I'm being married."

Friend—"Yes, I know that."

### Home Products Are Music.

Woman—"What a noise those neighbors make. Listen to the children howling!"

Maid—"But, madam, that noise comes from your own nursery."

Woman—"Really? The little darlings must be enjoying themselves."

Sincerity is the indispensable ground of all conscientiousness, and by consequence of all heart-felt religion.—Kant

### Playing Safe.

The Scotch chemistry professor was demonstrating the properties of various acids.

"Watch carefully," he said, "I'm going to drop a half dollar into the acid. Will it dissolve?"

"No, sir," spoke one student promptly. "Correct, and why not?" "Because," came the reply, "if it would you wouldn't have dropped it in."

## General Business In Jones County Shows Good Gain

Prosperity in Hamlin and the rest of Texas was still gaining by leaps and bounds during November 1947, with activity hitting a new high for the postwar period, according to a report received by The Herald from the University of Texas Bureau of Business Research.

Practically every phase of business reached levels exceeded only by wartime peaks and a number of important indicators bounced to all-time highs.

The index of business activity compiled by the Bureau soared to 208 per cent of its prewar base. This hike of 30 per cent in business activity since the reconversion low of 160 in October 1945 represented a recovery of all the ground lost with the cancellation of war contracts between August and October 1945.

Only the index of miscellaneous freight carloadings failed to rise between October and November. Outstanding was the strong rise in department and apparel store sales, offsetting the sharp drop showing up in October.

Employment was 24 per cent up prewar levels, pay rolls were up 144 per cent over 1935-1939 averages, crude oil runs to stills rose to a point 67 per cent above prewar, electric power consumption was up 191 per cent and department and apparel store sales soared 240 per cent above dollar totals in 1935-1939.

Bank debits stood more than four times the prewar level in November with the index rising to 407. (Base of 100 per cent being 1935-1939 level.) Affected by all check transactions in the 20 largest cities in Texas, the index served as a relative measure of the changes in the dollar volume of business transactions.

### Exported Foods Enormous.

Exports of all foods from the United States, if loaded on European box cars, would make an unbroken train long enough to reach three times across the Atlantic Ocean.

## TPA Mid-Winter Convention Speakers—January 31

**HEADLINERS** Feature speakers on the Texas Press Association's Mid-Winter Convention program, January 31, at the Baker Hotel in Dallas, will be the three newspaper executives pictured above. Mrs. Irene Simms Reid, center, advertising director of the Monroe (La.) News-Star-World, will address the Texas editors on the subject of "The Community Story on Public Relations." She is nationally known for her accomplishments in advertising and selling. O. H. Lachenmeyer (right), will present a publisher's viewpoint of an active state press association. He is owner of the Texas City (Tex.) Sun, the San Benito (Tex.) Cameron County News, the Cushing (Okla.) Daily Citizen, and is president of the Oklahoma Press Association. W. R. Rutherford (left), publisher of the Dumas (Tex.) Moore County News, will discuss "Needed Legislation." Rutherford is the immediate past-president of the Panhandle Press Association.

## Liquor Charges Made After 18-Mile Chase

Charge of transporting intoxicating liquor was filed by the Abilene office of the Texas Liquor Control Board in a Jones County Court last week.

The charges were against Howard Richardson of Abilene.

He was arrested last week by a state liquor control officers after a chase of 18 miles, starting at a traffic light on the Anson highway in Abilene and ending near the Midway Cemetery, about two miles north and two miles west of the Onyx Refinery about 12 miles from Anson.

L-Men confiscated Richardson's 1946 Dodge sedan and 15 cases of whiskey.

## Pied Pipers Lose Close Contest

Weatherman didn't step in on the Hamlin Anson game here Tuesday night and halt it as other District 5A games were.

Hamlin was outpointed in the fading minutes of a thrilling contest by the Anson Tigers 43 to 40.

Pied Pipers held a narrow 24-20 halftime lead. Billy G. Franks of Hamlin and Ray of Anson were tied for high scoring honors with 14 points each.

Hamlin's B team nudged the Anson crew in the program opener 20 to 19.

## McCauley Boys Win Blackwell Tourney Friday, Saturday

In the basketball invitation tourney at Blackwell last week McCauley won first place in the boys' division while McCauley girls lost one kicking them out.

Scores for the McCauley boys ran McCauley over Trent 36-20 then on over Divide 38-26, and in the finals McCauley over Blackwell 29-21.

McCauley girls were downed in the first round by Trent 20-10.

In the girls consolation Crews won over McCauley 15-13.

All tournament team members from McCauley included:

Boys' Team—Lee, Eric Gibson of McCauley. Others receiving votes

## Bryant-Link Officers Named

In an annual stockholders and managers meeting of Bryant-Link Company held in Stamford January 14 all officers and directors were reelected.

Business sessions were held at the Stamford Inn and lunch was served them at the Snack Bar.

All officers and directors, reelected are listed as follows: R. B. Bryant, Stamford, chairman of the board; W. J. Bryant, Stamford, president; George S. Link Sr., Spur, Guy Speck, Carlsbad, New Mexico, vice presidents; A. Smith, Stamford, secretary-treasurer and Carrie Lou Davis, Stamford, assistant secretary. Other directors included other men from Stamford and also Carlsbad, New Mexico.

Store managers attending were Thomas Teague of Hamlin, and representatives from Aspermont, Lamessa, Carlsbad, New Mexico, Post, Rotan, Snyder and Spur, all managers of the stores.

### were Fought of McCauley.

Girls' Team—Billy oyce of McCauley for guard with Bernice of McCauley receiving votes on the team.

Awards were gold plated basketball charms.

Coaches for McCauley were: Webb for the boys and Mrs. Ida Short for the girls.

Denman Morgan of Lubbock visited his parents, Mr. and Mrs. J. P. Morgan, over the weekend.

Mrs. D. J. Turner, Sr., is sick with the flu.

Mr. and Mrs. Milton Fletcher of Fort Worth visited Milton's parents, Mr. and Mrs. W. L. Fletcher.

Mr. and Mrs. W. L. Boyd, Jr., and three sons of Plainview visited Mr. and Mrs. W. L. Peyd, Sr., over the weekend.

Miss Eleanor Temple and her father are both recovering from severe cases of flu.

Mrs. M. T. Via has returned from a visit with her son, Hubert Via, and Mrs. Via in Vernon this week.

Helen Eysen, baby daughter of Mr. and Mrs. Bill Eysen, has been quite ill with a throat infection this week.

By LEON GUINN

★

It is interesting to note a number of the former members of the treacherous Kamikaze Corps of the Japanese Air Force have now become gangsters and black market operators, according to results of a special investigation by the Tokyo Police Board recently. . . . These ex-air force members of the Rising Sun—which set some time ago—are notorious for the ruthless methods they pursue in keeping operations alive in the hell holes and "dives" still functioning in parts of Japan. . . . The Japanese, ill equipped to stand the approaching winter, have been rather silent on just what, incidentally, their volume of help from outside sources will be.

★

Experts in the U. S. Department of Agriculture are expecting grain purchases for foreign shipments to become easier after January 1. . . . It seems many farmers are holding their wheat primarily because more sales now would push them into higher income brackets. . . . Secretary of Agriculture Clinton Anderson has an ace in the hole if such holding directly threatens the relief program. . . . He has been advised by his legal staff the "certificate" plan of purchasing wheat can be revived without new legislation. . . . Used quite successfully two years ago, such plan would enable a farmer to sell and deliver his wheat to the government and, if he chooses, accept payment after January 1, which is beginning of the new tax year and at the market price then prevailing.

★

There is room for argument in Congressional approval of President Truman's price control program. . . . Republicans, for instance, are quite hostile to the idea, but may be convinced later that price controls are necessary. . . . Truman's statements against police-state methods will be the crux of the argument against his program if it is tough. . . . His plan, on the other hand, will be called futile if it is mild. . . . There is good reason to believe, however, that Republicans will be forced to accept President Truman's recommendations—regardless of party lines, special axes to grind and rather "ripe" dead cats that need removing. . . . Creation, for instance, of an allocation board with broad authority to regulate use of such basic commodities as wheat, corn and steel will be the most important proposal in Truman's special session message.

★

With each returning year, higher joys, holier aims, a purer peace and diviner energy, should freshen the fragrance of being.—Mary Baker Eddy.

## TRUE STORIES of WEST TEXAS

(By N. H. Kincaid, 2618 History St., Abilene, Texas—Copyrighted)

### "WILDCATS ARE UNPREDICTABLE"

Man on the tower heard it first, on that warm, still night, in July, 1917 and yelled to one of the ground men. "Hey, Bill; she's comin' in! I'm getting down from here!"

And his decision was none too soon. The low rumbling noise had become a snarl and the earth itself seemed vibrating with emotion as though it were doubled up with pain and about to begin retching any moment.

And then it happened. Almost immediately the packing, block and all, came hurtling upward and a stream of natural gas shot skyward. The little wildcat, Nannie Walker No. 1, had blown herself in at 3,400 feet. She was to be the first of many in the Ranger Field of Eastland County and this field was destined to startle the oil producing world.

So mused Andy Urban, the driller,

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ-laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

### Farm Loan Plans—

Long Term—4 per cent Int. up to 40 years—"Tailored to fit" No appraisal fees—No loan fees—No commission—No title examination fees. The borrower gets the FULL amount of the loan at the low cost guaranteed interest rate of 4 per cent.

### H. O. Cassle & Son

Office over F & M Bank

as he hurried onto the field at dawn the next morning. Born in Findley, Ohio, June 18, 1893, he had been following the oil business most of his life. He got his first rig in Indiana but he was a wildcat and he followed his nose westward. He drilled for himself and he drilled for others.

Urban was in Bartlesville, Oklahoma, in 1905, with the first indication of oil interest in the Indian Territory; in 1911 he moved down to Wichita Falls. But now, in the edge of the Cross Timber section of West Texas, he felt that he was helping to usher in his biggest and best strike. "And if so, here is where I quit roaming and stay put," he had mused on the way over this morning. The children's schooling was being hindered too much, as things were.

But the well was still blowing off gas when he arrived—8,000,000 cubic feet of it daily, it proved. And it continued to do so, as the days slipped into weeks and the weeks into months. Some of the gas was used but most of it was allowed to escape into the air. It was piped 200 feet away from the well with a four inch pipe.

In the meantime another wildcat had been brought in on the nearby McCleskey farm at 3,435 feet and it was a producer. All the world was acclaiming it and it was more than fulfilling Urban's prophecy. And just when in his pinner, it blew into the oil sand and yielded 1,000 barrels daily! This was in January 1913.

Andy settled in his adopted West Texas, where he still lives today. "I have seen a lot of improvement in the oil field work during these past 30 years," he explains. "Drilling has now become a science and wildcatting is no longer such a gamble. Waste has been reduced to a minimum and the old days of flowing wildcats as well as those of the open earthen tanks are gone. Why," he concluded, "there have been so many changes that I wouldn't even know how to handle a rig now! And I owned a string for 50 years."

### Wiley J. Prichard, Father of Two Hamlinites Dies

Wiley Jordan Prichard, father of Tom Prichard and Mrs. Dorothy Bevels of Hamlin, passed away January 15 at 12:10 o'clock a. m. at a hospital in Amherst. He had made his home in Amherst. His health had been failing for three years and had been bedfast for six months.

Funeral services were held at 3:00 o'clock p. m. January 17 at the Amherst Church of Christ by Brother Jack McCormick of Littlefield.

He is survived by two sisters, Mrs. Emma McTigrit of Phoenix, Arizona and Mrs. L. B. Jordan of Hollis, Oklahoma and one brother, Minister J. L. Prichard of Carlsbad, New Mexico.

Eleven children also survive and include: Tom of Hamlin, Mrs. Dorothy Bevels of Hamlin, Vivan and Reece of Anson, Luther of Abilene,

## Hamlin Ties Anson For Second Place In Cage Games Last Week

Hamlin moved up to tie Anson for second place in the cage circle last week in the 5A Eastern section. Throckmorton leads the Eastern section 5A cagers with a seven win no loss record.

Results for the Eastern section in which Hamlin is playing, for last week included: Hamlin 54, Stamford 20; Albany 25, Haskell 24; Anson 40, Rule 32; Throckmorton 64, Albany 18; Anson 58, Haskell 22; Hamlin 43, Rule 34.

Western section results looked like this: Loraine 43, Snyder 23; Merkel 62, Roby 33; Roscoe 60, Colorado City 14; Merkel 39, Snyder 28; Roscoe 41, Loraine 26; Roby 34, Colorado City 26.

Games in the Eastern sector this week for Tuesday included: Anson at Hamlin, Stamford at Albany and Throckmorton at Rule. Games for tonight (Friday) include: Hamlin at Albany, Anson at Throckmorton and Stamford at Haskell.

Games for the Western section included: Tuesday—Snyder at Roscoe, Merkel at Colorado City, Loraine at Roby. Tonight (Friday) games include: Snyder at Colorado City, Roby at Roscoe and Loraine at Merkel.

Standings for both the Eastern and Western sections up to Tuesday stood like this:

Eastern Division					
Team	W.	L.	Pct.	Pts.	Opp.
Throckmorton	7	0	1.000	386	136
Anson	5	2	.714	261	283
Hamlin	5	2	.714	216	223
Rule	3	4	.429	203	222
Albany	2	5	.286	187	243
Stamford	1	5	.167	155	282
Haskell	1	6	.143	183	238
Western Division					
Team	W.	L.	Pct.	Pts.	Opp.
Roscoe	5	0	1.000	234	150
Merkel	4	1	.800	260	153
Loraine	3	3	.600	165	147
Snyder	2	3	.400	206	174
Roby	1	4	.200	161	201
Colorado City	0	5	.000	99	300

Mrs. Ethel Gray of Fort Worth, Mrs. Ola Maberry and Mrs. Ollie Daniel of Anson, Mrs. Naomi Simmons of Amherst and Mrs. Bertha Evans of Lubbock. He also had 30 grandchildren and 11 great grandchildren.

Hamlin old timers will remember Mr. and Mrs. Prichard and family resided in Hamlin several years and moved to Anson about 14 years ago.

## 3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15 1/2 cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947.

Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

### Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroad in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

### What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

### Compare these wages with what you make!

Compare these wages with what you want!				
Here is a comparison of average annual earnings of engineers and firemen for 1939 (prev. year) and 1947. Also shown is what 1947 earnings would have been if the 15½ cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.	Type of Employee	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15½ Cents per Hour Added
	<b>ENGINEERS</b>			
	Road Freight (Local and Way)	\$9,966	\$6,126	\$6,757
	Road Passenger	3,632	5,399	6,025
	Road Freight (Through)	3,147	4,684	5,169
	Yard	2,749	4,081	4,539
	<b>FIREMEN</b>			
	Road Freight (Local and Way)	2,738	4,683	5,268
	Road Passenger	2,732	4,544	5,165
	Road Freight (Through)	2,069	3,460	3,891

## Voluntary Savings of Gasoline and Gas Urged for Area People and All U. S.

People of Jones County and the rest of the country were called on by the government Thursday to reduce consumption of scarce gasoline, fuel oil and gas by 15 per cent as new cold waves rolled across the northern plains toward the Eastern Seaboard already shivering in below zero weather.

Secretary of Interior Krug told an emergency conference of fuel co-ordinators from more than 20 states meeting in Washington last week-end that voluntary consumer curtailment is necessary not only to relieve the current petroleum shortage but also to speed solution of a supply and distribution problem that may continue four or five years.

Krug's request was presented by Max Ball, director of the department's Oil and Gas Division, who said President Truman is also preparing an order to government establishments to practice "rigorous" conservation measures.

The forecast of continued cold for the Middle Atlantic states and New England brought little hope for easing the strain on dwindling fuel stocks. Although relief from the cold was in sight for the South, nearly all other sections were forced to adopt emergency measures to stretch fuel supplies not only in homes but in industries dependent on fuel piped in from Louisiana and Texas.

In all sections the story was the same: Oil production in the United States is at a record peak, but overstrained distribution facilities are unable to cope with increased demands further intensified by severe weather.

For the immediate emergency the Interior Department heads asked the public to adopt the following measures:

- 1.—Keep room temperatures at 68 degrees or less during waking and working hours, and 60 or less at all other times. Heat no unoccupied rooms or unused space except to prevent damage.
- 2.—Do no more motoring than is necessary. Drive at reduced speeds. Use regular instead of high-test gasoline. Whenever possible use

public transportation instead of private cars.

3.—Waste no hot water. Install insulation, weather stripping and storm sash where possible. Keep shades down and blinds closed when outside light is not needed.

4.—Install no equipment for burning oil, gas or bottled gas. Plants which can should convert to coal immediately.

## W. W. Johnson, Former Resident, Dies at Haskell

W. W. Johnson, 76, of Haskell and brother-in-law of Rev. S. J. King, evangelist of Hamlin and a resident of Jones County for most of his 76 years, died Tuesday morning at Haskell, word was received early in the week by The Herald.

He was buried Thursday evening. Survivors from Hamlin and area included Mrs. Erma Hall, Mrs. Mac Perdue and Rev. and Mrs. S. J. King, all attended the final rites.

### Big Business Deal, Too.

A wildcat operator who was always talking in terms of thousands of dollars, was greeted one evening by his 11-year-old son who announced: "Well, dad, I've sold our dog. Got ten thousand dollars for him!"

"Ten thousand dollars! Let's see the money."

"I didn't get the money. I got two five thousand dollar cats for him."

## Huge Parade to Open Fort Worth Fat Stock Show

Hamlin and other Jones County folks who are planning to attend the annual show of Southwestern Exposition and Fat Stock Show at Fort Worth, beginning January 30, will see on the opening day the traditional western style parade that will march through downtown Fort Worth, Ernest Allen, vice president of the show and parade committee

chairman, announced this week. The mounted parade, forming at 12:30 p. m., will move promptly at 2:00 p. m., Allen stated this week in a release to The Herald. All participants, except bands, will be on horseback or in horse-drawn vehicles.

Prominent in the line of march will be out-of-town riding groups, special town delegations and bands. Banners identifying groups from towns or organizations may be carried. No permit is necessary to enter the parade.

Among the out-of-town groups scheduled to march are the Parker County Sheriff's Posse composed of

Mrs. H. G. Breneman of Paris and Mrs. C. H. McCleary of Honeygrove and their niece, Mrs. A. L. Brown, of Paris came to be with their sister Mrs. R. H. McCurdy, who underwent surgery in a Stamford hospital January 22. Mrs. McCurdy is reported to be doing fine.

Rubber Stamps at The Herald.

60 uniformed riders, the Bar GW Mounted Square Dance Team of Fort Worth, the Burk Burnett and Ennis High School Bands. Waco Longhorn Club is expected to send representative riders.

# Your Fuel Supply

## A WORD FROM LONE STAR GAS COMPANY

You have read, perhaps, newspaper stories and listened to radio newscasts about this winter's "fuel shortage." The government is recommending rationing and restriction of use for some areas.

Because of these circumstances those of you who depend on Lone Star for Natural Gas Service probably would like some reassurance about your own fuel situation.

**There is no shortage as far as Lone Star customers are concerned. Lone Star has plenty of natural gas to serve all homes now depending on it.**

Lone Star Natural Gas System is fortunately located in that most of its sources of supply in 75 different gas fields form somewhat of a circle around the area served. The transportation system is designed to take advantage of this fact with pipelines criss-crossing the area so gas can be routed from at least two different directions to most communities.

We expect to handle, barring pipeline breaks or wash-out by floods, the fuel needs of homes on Lone Star system, no matter how cold the weather. Should there be any instances of low pressure areas they will be extremely isolated and a result from unusual shortages of material over which we have no control.

Homes have first call on Lone Star Service. On extreme days, as in past years, it may be necessary to discontinue service to large industrial users so all our vast pipeline capacity may be used for supplying fuel to homes. Industries contract for service with this understanding. We sincerely appreciate their cooperation.

Lone Star is in midst of vast expansion and improvement program for the thousands of new customers that are being added each year. \$40 million are being invested in new facilities. Last year, the first of this program, 100 major projects were completed over the system. They greatly strengthened Lone Star Service for the benefit of over 400,000 homes.

Natural Gas

AMERICA'S SOUGHT-AFTER FUEL

Lone Star Gas Company

# POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

Our good friend, Starr Inzer, from up Hamlin way writes us and enclosed two checks for \$5 each. The letter as follows explains everything: Dear George: I think maybe you and Levi might sell ice to an Eskimo, at any rate this week I sold all the harness, wagons and horse collars that we used to use in this country back in the dark ages.

Now just how much effort you and Levi expended in this sale is still to be questioned, however it seems from reading your column The March of Dimes and the McCaulley Cemetery Fund rate top billing so I am enclosing my checks for the sum of \$5 each for the above funds, so if Levi squaks just tell him his \$5 went to the March of Dimes. As ever, Starr.

(Note—The readers of this column will remember a few weeks ago that Starr listed his horse collars and so forth with Levi and the scribe for the purpose of sale and of course we were to get our regular commission from said sale but due to the fact that Starr made the sale it is only but natural that he felt he did owe me "poor boys" a commission. Anyway we are very grateful to "big-hearted" Starr for his generous contributions to two worthy causes. And Starr when you are down at McCaulley please drop in—either Levi's home or the Pot-Shot man's place of adobe for a duck dinner—or course, you will bring the ducks.

Clayton Carroll and Luther Ma-berry were on business last week in Amarillo.

G. W. Martin, old timer of these parts, became ill suddenly one day last week. We are glad to report

that his condition is improved. "Hillbilly Courtship" a three-act comedy played to a packed house last Friday night at the High School. Characters in the play included: Mr. and Mrs. Tom McCasland, Mr. and Mrs. Jerry Miller, Mr. and Mrs. George Darden. Mrs. O. T. Hennington was director and proceeds from the said play will buy extra equipment for the McCaulley High School Lunch Room. The play will be given at the Club House at Colotex in the near future with date to be announced later.

Sylvester girls High School basketball team defeated Roby last Thursday night in the local gym. Sylvester A team boys defeated the McCaulley B team by a score of 16 to 9. The two games mentioned was the first of the county finals before going to district.

On Wednesday night of last week Hobbs High School girls and boys journeyed over to McCaulley for two basketball games. McCaulley youngsters winning both games the local girls winning by a score of 30 to 10 and the local boys by a score of 28 to 24.

Mrs. Della Pancher, a long time resident of these parts, underwent major surgery in a Stamford hospital about 10 days ago. At this writing Mrs. Pancher is improving.

Mrs. W. C. Kean entertained with a birthday supper for her husband on the 24. Mr. and Mrs. O. C. Prather

were guests.

Mrs. W. M. Keller was taken to a hospital in Rotan last week for medical treatment.

S. E. Miers hands us another subscription for The Herald which goes to his son, L. B. Miers, and family who are now living on Route 2 Mulshoe.

The pretty snow has the countryside blanketed at this writing and it is still snowing some.

McCaulley High School basketball teams both girls and boys won the county finals at McCaulley last Saturday night. McCaulley boys defeating Roby by a score of 24 to 20 and McCaulley girls winning over Sylvester by a score of 14 to 12. Both games were thrillers and people were pulling their hair and screaming before the games ended. Ed Mason Gymnasium was packed even though the ground was white with snow.

Miss Velma Lou Boyd, Coleman teacher, spent last week-end in the home of her parents, Mr. and Mrs.

Louis Boyd.

About 6,000 acres that is being purchased in the Davis Mountains will cost \$75,000 and not \$7,500 as was stated last week, it will take the same amount to equip same, all of which will be at the disposal of the Boy Scouts for several western counties.

Mr. and Mrs. Albert Gallaway Jr. and son visited last week-end with parents, Rev. and Mrs. C. E. Dick and Mr. and Mrs. Albert Gallaway Sr. Their home is in Ralls.

Our congratulations to J. C. Turner Jr. of Hamlin on being honored by Hamlin's Civic and church organizations as the top man of Ham-

lin in 1947. Mr. Turner is also tops in our book.

College students home over the week-end in McCaulley were: Miss Mary Ann McCollum from McMurry, Abilene and Callan George from Hardin College, Wichita Falls.

Mrs. J. J. Crowley, who underwent major surgery in a Rotan hospital last week, is reported to be doing as well as could be expected.

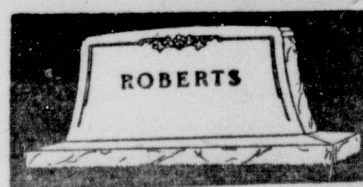

Those of you that last year pledged so much per year for the McCaulley Cemetery Fund please don't forget to send in your contributions for this year. It would sure help if we had a lot more folks who would

kick in to help keep the cemetery work going.

Every once in a while some old brother or sister "jumps up" the writer for not writing some local items. As a matter of fact, a country boy's salary as a reporter doesn't justify us to make a house to house canvas for local items, but on the other hand if you would be kind

(See POTSHOTS on Page Seven.)

If you wonder how the little woman puts in her day, just come home with a cold and listen.

You now have the opportunity of buying your monuments, large or small, direct from one of America's oldest and largest manufacturers, located in the famous quarry regions of Georgia. We give a written guarantee with every purchase.

# SAFEWAY HAS ALL THE LOW FOOD PRICES EVERY DAY

Safeway customers benefit from savings we are able to pass on to them because of our efficient business methods. And like any large volume business, we are able to price everything we sell at the lowest point that will yield a reasonable return.

But in fairness to our loyal customers it is often necessary to go beyond this. And so we say in all sincerity "We will meet the lowest price of any competitor in town—brand for brand, or with items of comparable quality." This is your assurance that at Safeway you will never be asked to pay more for any item than the lowest price in town on that item.
